#### EX. ORD. NO. 13005. EMPOWERMENT CONTRACTING

Ex. Ord. No. 13005, May 21, 1996, 61 F.R. 26069, provided:

In order to promote economy and efficiency in Federal procurement, it is necessary to secure broad-based competition for Federal contracts. This broad competition is best achieved where there is an expansive pool of potential contractors capable of producing quality goods and services at competitive prices. A great and largely untapped opportunity for expanding the pool of such contractors can be found in this Nation's economically distressed communities.

Fostering growth of Federal contractors in economically distressed communities and ensuring that those contractors become viable businesses for the long term will promote economy and efficiency in Federal procurement and help to empower those communities. Fostering growth of long-term viable contractors will be promoted by offering appropriate incentives to qualified businesses.

Accordingly, by the authority vested in me as President by the Constitution and the laws of the United States, including section 486(a) [now 121(a)] of title 40, United States Code, and section 301 of title 3, United States Code, it is hereby ordered as follows:

**SECTION 1. Policy.** The purpose of this order is to strengthen the economy and to improve the efficiency of the Federal procurement system by encouraging business development that expands the industrial base and increases competition.

**SEC. 2. Empowerment Contracting Program.** In consultation with the Secretaries of the Departments of Housing and Urban Development, Labor, and Defense; the Administrator of General Services; the Administrator of the National Aeronautics and Space Administration; the Administrator of the Small Business Administration; and the Administrator for Federal Procurement Policy, the Secretary of the Department of Commerce shall develop policies and procedures to ensure that agencies, to the extent permitted by law, grant qualified large businesses and qualified small businesses appropriate incentives to encourage business activity in areas of general economic distress, including a price or an evaluation credit, when assessing offers for government contracts in unrestricted competitions, where the incentives would promote the policy set forth in this order. In developing such policies and procedures, the Secretary shall consider the size of the qualified businesses.

**SEC. 3. Monitoring and Evaluation.** The Secretary shall:

(a) monitor the implementation and operation of the policies and procedures developed in accordance with this order;

(b) develop a process to ensure the proper administration of the program and to reduce the potential for fraud by the intended beneficiaries of the program;

(c) develop principles and a process to evaluate the effectiveness of the policies and procedures developed in accordance with this order; and

(d) by December 1 of each year, issue a report to the President on the status and effectiveness of the program.

**SEC. 4. Implementation Guidelines.** In implementing this order, the Secretary shall:

(a) issue rules, regulations, and guidelines necessary to implement this order, including a requirement for the periodic review of the eligibility of qualified businesses and distressed areas;

(b) draft all rules, regulations, and guidelines necessary to implement this order within 90 days of the date of this order; and

(c) ensure that all policies and procedures and all rules, regulations, and guidelines adopted and implemented in accordance with this order minimize the administrative burden on affected agencies and the procurement process.

**SEC. 5. Definitions.** For purposes of this Executive order:

(a) “Agency” means any authority of the United States that is an “agency” under 44 U.S.C. 3502(1), other than those considered to be independent regulatory agencies, as defined in 44 U.S.C. 3502(10).

(b) “Area of general economic distress” shall be defined, for all urban and rural communities, as any census tract that has a poverty rate of at least 20 percent or any designated Federal Empowerment Zone, Supplemental Empowerment Zone, Enhanced Enterprise Community, or Enterprise Community. In addition, the Secretary may designate as an area of general economic distress any additional rural or Indian reservation area after considering the following factors:

(1) Unemployment rate;

(2) Degree of poverty;

(3) Extent of outmigration; and

(4) Rate of business formation and rate of business growth.

(c) “Qualified large business” means a large for-profit or not-for-profit trade or business that (1) employs a significant number of residents from the area of general economic distress; and (2) either has a significant physical presence in the area of general economic distress or has a direct impact on generating significant economic activity in the area of general economic distress.

(d) “Qualified small business” means a small for-profit or not-for-profit trade or business that (1) employs a significant number of residents from the area of general economic distress; (2) has a significant physical presence in the area of general economic distress; or (3) has a direct impact on generating significant economic activity in the area of general economic distress.

(e) “Secretary” means the Secretary of Commerce.

**SEC. 6. Agency Authority.** Nothing in this Executive order shall be construed as displacing the agencies' authority or responsibilities, as authorized by law, including specifically other programs designed to promote the development of small or disadvantaged businesses.

**SEC. 7. Judicial Review.** This Executive order does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

WILLIAM J. CLINTON.

To the extent permitted by law, any executive agency awarding any construction contract after the date of this order, or obligating funds pursuant to such a contract, shall ensure that neither the awarding Government authority nor any construction manager acting on behalf of the Government shall, in its bid specifications, project agreements, or other controlling documents:

(a) Require or prohibit bidders, offerors, contractors, or subcontractors to enter into or adhere to agreements with one or more labor organizations, on the same or other related construction project(s); or

(b) Otherwise discriminate against bidders, offerors, contractors, or subcontractors for becoming or refusing to become or remain signatories or otherwise to adhere to agreements with one or more labor organizations, on the same or other related construction project(s).

(c) Nothing in this section shall prohibit contractors or subcontractors from voluntarily entering into agreements described in subsection (a).

SEC. 3. To the extent permitted by law, any executive agency issuing grants, providing financial assistance, or entering into cooperative agreements for construction projects, shall ensure that neither the bid specifications, project agreements, nor other controlling documents for construction contracts awarded after the date of this order by recipients of grants or financial assistance or by parties to cooperative agreements, nor those of any construction manager acting on their behalf, shall contain any of the requirements or prohibitions set forth in section 1(a) or (b) of this order.

SEC. 4. In the event that an awarding authority, a recipient of grants or financial assistance, a party to a cooperative agreement, or a construction manager acting on behalf of the foregoing, performs in a manner contrary to the provisions of sections 1 or 3 of this order, the executive agency awarding the contract, grant, or assistance shall take such action, consistent with law and regulation, as the agency determines may be appropriate.

SEC. 5. (a) The head of an executive agency may exempt a particular project, contract, subcontract, grant, or cooperative agreement from the requirements of any or all of the provisions of sections 1 and 3 of this order, if the agency head finds that special circumstances require an exemption in order to avert an imminent threat to public health or safety or to serve the national security.

(b) A finding of "special circumstances" under section 5(a) may not be based on the possibility or presence of a labor dispute concerning the use of contractors or subcontractors who are nonsignatories to, or otherwise do not adhere to, agreements with one or more labor organizations, or concerning employees on the project who are not members of or affiliated with a labor organization.

(c) The head of an executive agency, upon application of an awarding authority, a recipient of grants or financial assistance, a party to a cooperative agreement, or a construction manager acting on behalf of the foregoing, may exempt a particular project from the requirements of any or all of the provisions of sections 1 and 3 of this order, if the agency head finds: (i) that the awarding authority, recipient of grants or financial assistance, party to a cooperative agreement, or construction manager acting on behalf of the foregoing had issued or was a party to, as of the date of this order, bid specifications, project agreements, agreements with one or more labor organizations, or other controlling documents with respect to that particular project, which contained any of the requirements or prohibitions set forth in sections 1(a) or (b) of this order; and (ii) that one or more construction contracts subject to such requirements or prohibitions had been awarded as of the date of this order.

SEC. 6. (a) The term "construction contract" as used in this order means any contract for the construction, rehabilitation, alteration, conversion, extension, or repair of buildings, highways, or other improvements to real property.

(b) The term "executive agency" as used in this order shall have the same meaning it has in 5 U.S.C. 105, excluding the General Accounting Office [now Government Accountability Office].

(c) The term "labor organization" as used in this order shall have the same meaning it has in 42 U.S.C. 2000e(d).

SEC. 7. With respect to Federal contracts, within 60 days of the issuance of this order, the Federal Acquisition Regulatory Council shall take whatever action is required to amend the Federal Acquisition Regulation in order to implement the provisions of this order.

SEC. 8. As it relates to project agreements, Executive Order 12836 of February 1, 1993, which, among other things, revoked Executive Order 12818 of October 23, 1992, is revoked.

SEC. 9. The Presidential Memorandum of June 5, 1997, entitled "Use of Project Labor Agreements for Federal Construction Projects" (the "Memorandum"), is also revoked.

SEC. 10. The heads of executive departments and agencies shall revoke expeditiously any orders, rules, regulations, guidelines, or policies implementing or enforcing the Memorandum or Executive Order 12836 of February 1, 1993, as it relates to project agreements, to the extent consistent with law.

SEC. 11. This order is intended only to improve the internal management of the executive branch and is not intended to, nor does it, create any right to administrative or judicial review, or any right, whether substantive or procedural, enforceable by any party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

EMERGENCY RELIEF FOR SMALL BUSINESS CONCERNS  
WITH GOVERNMENT CONTRACTS

Pub. L. 94-190, Dec. 31, 1975, 89 Stat. 1095, provided:

## "SHORT TITLE

"SECTION 1. This Act may be cited as the 'Small Business Emergency Relief Act'.

## "POLICY

"SEC. 2. It is the policy of Congress to provide relief to small business concerns which have fixed-price Government contracts in cases where such concerns have suffered or can be expected to suffer serious financial loss because of significant and unavoidable difficulties during performance because of the energy crisis or rapid and unexpected escalations of contract costs.

## "DEFINITIONS

"SEC. 3. As used in this Act—

"(1) the term 'executive agency' means an executive department, a military department, and an independent establishment within the meaning of sections 101, 102, and 104(1) respectively, of title 5, United States Code, and also a wholly owned Government corporation within the meaning of section 101 of the Government Corporation Control Act [section 9101(3) of Title 31, Money and Finance]; and

"(2) the term 'small business concern' means any concern which falls under the size limitations of the 'Small Business Administrator's Definitions of Small Business for Government Procurement'.

## "AUTHORITY

"SEC. 4. (a) Pursuant to an application by a small business concern, the head of any executive agency may terminate for the convenience of the Government any fixed-price contract between that agency and such small business concern, upon a finding that—

"(1) during the performance of the contract, the concern has suffered or can be expected to suffer serious financial loss due to significant unanticipated cost increases directly affecting the cost of contract compliance; and

"(2) the conditions which have caused or are causing such cost increases were, or are being, experienced generally by other small business concerns in the market at the same time and are not caused by negligence, underbidding, or other special management factors peculiar to that small business concern.

"(b) Upon application under subsection (a) by a small business concern to terminate a fixed-price contract between an executive agency and such small business concern, the head of the executive agency may modify the terms of the contract in lieu of termination for the convenience of the Government only if he finds after review of the application that—

"(1)(a) the agency would reprocur the supplies or services in the event that the contract was terminated for the convenience of the Government; and

"(b) the cost of terminating the contract for the convenience of the Government plus the cost of reprocurement would exceed the amount of the contract as modified; and

"(2) Any such modification shall be made in compliance with cost comparison and compensation guidelines to be issued by the Administrator of the Office of Federal Procurement Policy. Such cost comparison and compensation guidelines shall be promulgated by the Administrator not later than 10 days after enactment of this Act [Dec. 31, 1975].

"(c) If a small business concern in performance of a fixed-price Government contract experiences or has experienced shortages of energy, petroleum products, or products or components manufactured or derived therefrom or impacted thereby, and such shortages result in a delay in the performance of a contract, the head of the agency, or his designee, shall provide by modification to the contract for an appropriate extension of the contract delivery date or period of performance.

"(d) A small business concern requesting relief under subsection (a) shall support that request with the following documentation and certification:

"(1) a brief description of the contract, indicating the date of execution and of any amendment thereto, the items being procured, the price and delivery schedule, and any revision thereof, and any other special contractual provision as may be relevant to the request;

"(2) a history of performance indicating when work under the contract or commitment was begun, the progress made as of the date of the application, an exact statement of the contractor's remaining obligations, and the contractor's expectations regarding completion thereof;

"(3) a statement of the factors which have caused the loss under the contract;

"(4) a statement as to the course of events anticipated if the request is denied;

"(5) a statement of payments received, payments due and payments yet to be received or to become due, including advance and progress payments, and amounts withheld by the Government, and information as to other obligations of the Government, if any, which are yet to be performed under the contract;

"(6) a statement and evidence of the contractor's original breakdown of estimated costs, including contingency allowances and profit;

"(7) a statement and evidence of the contractor's present estimate of total costs under the contract if enabled to complete, broken down between costs accrued to date of request, and runout costs, and as between costs for which the contractor has made payment and those for which he is indebted at the time of the request;

"(8) a statement and evidence of the contractor's estimate of the final price of the contract, giving effect to all escalation, changes, extras, and other comparable factors known or contemplated by the contractor;

"(9) a statement of any claims known or contemplated by the contractor against the Government involving the contract in question, other than those referred to under (8) above;

"(10) an estimate of the contractor's total profit or loss under the contract if required to complete at the original contract price;

"(11) an estimate of the total profits from other Government business, and all other sources, during the period from the date of the first contract involved to the latest estimated date of completion of any other contracts involved;

"(12) balance sheets, certified by a certified public accountant, as of the end of the contractor's fiscal year first preceding the date of the first contract, as of the end of each subsequent fiscal year, and as of

the date of the request together with income statements for annual periods subsequent to the date of the first balance sheet; and

“(13) a list of all salaries, bonuses, and all other forms of compensation of the principal officers or partners and of all dividends and other withdrawals, and all payments to stockholders in any form since the date of the first contract involved.

#### “DELEGATION

“SEC. 5. The head of each executive agency shall delegate authority conferred by this Act, to the extent practicable, to an appropriate level that will permit the expeditious processing of applications under this Act and to insure the uniformity of its application.

#### “LIMITATIONS

### **§ 253. Competition requirements**

#### **(a) Procurement through full and open competition; competitive procedures**

(1) Except as provided in subsections (b), (c), and (g) of this section and except in the case of procurement procedures otherwise expressly authorized by statute, an executive agency in conducting a procurement for property or services—

(A) shall obtain full and open competition through the use of competitive procedures in accordance with the requirements of this subchapter and the Federal Acquisition Regulation; and

(B) shall use the competitive procedure or combination of competitive procedures that is best suited under the circumstances of the procurement.

(2) In determining the competitive procedures appropriate under the circumstance, an executive agency—

(A) shall solicit sealed bids if—

(i) time permits the solicitation, submission, and evaluation of sealed bids;

(ii) the award will be made on the basis of price and other price-related factors;

(iii) it is not necessary to conduct discussions with the responding sources about their bids; and

(iv) there is a reasonable expectation of receiving more than one sealed bid; and

(B) shall request competitive proposals if sealed bids are not appropriate under clause (A).

#### **(b) Exclusion of particular source; restriction of solicitation to small business concerns**

(1) An executive agency may provide for the procurement of property or services covered by this section using competitive procedures but excluding a particular source in order to establish or maintain any alternative source or sources of supply for that property or service if the agency head determines that to do so—

(A) would increase or maintain competition and would likely result in reduced overall costs for such procurement, or for any anticipated procurement, of such property or services;

(B) would be in the interest of national defense in having a facility (or a producer, manufacturer, or other supplier) available for furnishing the property or service in case of a national emergency or industrial mobilization;

(C) would be in the interest of national defense in establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center;

(D) would ensure the continuous availability of a reliable source of supply of such property or service;

(E) would satisfy projected needs for such property or service determined on the basis of a history of high demand for the property or service; or

(F) in the case of medical supplies, safety supplies, or emergency supplies, would satisfy a critical need for such supplies.

(2) An executive agency may provide for the procurement of property or services covered by this section using competitive procedures, but excluding other than small business concerns in furtherance of sections 638 and 644 of title 15.

(3) A contract awarded pursuant to the competitive procedures referred to in paragraphs (1) and (2) shall not be subject to the justification and approval required by subsection (f)(1) of this section.

(4) A determination under paragraph (1) may not be made for a class of purchases or contracts.

#### **(c) Use of noncompetitive procedures**

An executive agency may use procedures other than competitive procedures only when—

(1) the property or services needed by the executive agency are available from only one responsible source and no other type of property or services will satisfy the needs of the executive agency;

(2) the executive agency's need for the property or services is of such an unusual and compelling urgency that the Government would be seriously injured unless the executive agency is permitted to limit the number of sources from which it solicits bids or proposals;

(3) it is necessary to award the contract to a particular source or sources in order (A) to maintain a facility, producer, manufacturer, or other supplier available for furnishing property or services in case of a national emergency or to achieve industrial mobilization, (B) to establish or maintain an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center, or (C) to procure the services of an expert for use, in any litigation or dispute (including any reasonably foreseeable litigation or dispute) involving the Federal Government, in any trial, hearing, or proceeding before any court, administrative tribunal, or agency, or to procure the services of an expert or neutral for use in any part of an alternative dispute resolution or negotiated rulemaking process, whether or not the expert is expected to testify;

(4) the terms of an international agreement or treaty between the United States Government and a foreign government or international organization, or the written directions of a foreign government reimbursing the executive agency for the cost of the procurement of the property or services for such government, have the effect of requiring the use of procedures other than competitive procedures;

(5) subject to subsection (h)<sup>1</sup> of this section, a statute expressly authorizes or requires that the procurement be made through another executive agency or from a specified source, or the agency's need is for a brand-name commercial item for authorized resale;

(6) the disclosure of the executive agency's needs would compromise the national security unless the agency is permitted to limit the number of sources from which it solicits bids or proposals; or

<sup>1</sup> See References in Text note below.

(7) the head of the executive agency—

(A) determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement concerned, and

(B) notifies the Congress in writing of such determination not less than 30 days before the award of the contract.

**(d) Property or services deemed available from only one source; nondelegable authority**

(1) For the purposes of applying subsection (c)(1) of this section—

(A) in the case of a contract for property or services to be awarded on the basis of acceptance of an unsolicited research proposal, the property or services shall be considered to be available from only one source if the source has submitted an unsolicited research proposal that demonstrates a unique and innovative concept the substance of which is not otherwise available to the United States and does not resemble the substance of a pending competitive procurement; and

(B) in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment when it is likely that award to a source other than the original source would result in (i) substantial duplication of cost to the Government which is not expected to be recovered through competition, or (ii) unacceptable delays in fulfilling the executive agency's needs, such property may be deemed to be available only from the original source and may be procured through procedures other than competitive procedures.

(2) The authority of the head of an executive agency under subsection (c)(7) of this section may not be delegated.

**(e) Offer requests to potential sources**

An executive agency using procedures other than competitive procedures to procure property or services by reason of the application of subsection (c)(2) or (c)(6) of this section shall request offers from as many potential sources as is practicable under the circumstances.

**(f) Justification for use of noncompetitive procedures**

(1) Except as provided in paragraph (2), an executive agency may not award a contract using procedures other than competitive procedures unless—

(A) the contracting officer for the contract justifies the use of such procedures in writing and certifies the accuracy and completeness of the justification;

(B) the justification is approved—

(i) in the case of a contract for an amount exceeding \$500,000 (but equal to or less than \$10,000,000), by the competition advocate for the procuring activity (without further delegation) or by an official referred to in clause (ii) or (iii); and

(ii) in the case of a contract for an amount exceeding \$10,000,000 (but equal to or less than \$50,000,000), by the head of the procuring activity or a delegate who, if a member of the armed forces, is a general or flag officer or, if a civilian, is serving in a posi-

tion in grade GS-16 or above under the General Schedule (or in a comparable or higher position under another schedule); or

(iii) in the case of a contract for an amount exceeding \$50,000,000, by the senior procurement executive of the agency designated pursuant to section 414(3)<sup>1</sup> of this title (without further delegation); and

(C) any required notice has been published with respect to such contract pursuant to section 416 of this title and all bids or proposals received in response to such notice have been considered by such executive agency.

(2) In the case of a procurement permitted by subsection (c)(2), the justification and approval required by paragraph (1) may be made after the contract is awarded. The justification and approval required by paragraph (1) is not required—

(A) when a statute expressly requires that the procurement be made from a specified source;

(B) when the agency's need is for a brand-name commercial item for authorized resale;

(C) in the case of a procurement permitted by subsection (c)(7) of this section; or

(D) in the case of a procurement conducted under (i) the Javits-Wagner-O'Day Act (41 U.S.C. 46 et seq.), or (ii) section 637(a) of title 15.

(3) The justification required by paragraph (1)(A) shall include—

(A) a description of the agency's needs;

(B) an identification of the statutory exception from the requirement to use competitive procedures and a demonstration, based on the proposed contractor's qualifications or the nature of the procurement, of the reasons for using that exception;

(C) a determination that the anticipated cost will be fair and reasonable;

(D) a description of the market survey conducted or a statement of the reasons a market survey was not conducted;

(E) a listing of the sources, if any, that expressed in writing an interest in the procurement; and

(F) a statement of the actions, if any, the agency may take to remove or overcome a barrier to competition before a subsequent procurement for such needs.

(4) The justification required by paragraph (1)(A) and any related information shall be made available for inspection by the public consistent with the provisions of section 552 of title 5.

(5) In no case may an executive agency—

(A) enter into a contract for property or services using procedures other than competitive procedures on the basis of the lack of advance planning or concerns related to the amount of funds available to the agency for procurement functions; or

(B) procure property or services from another executive agency unless such other executive agency complies fully with the requirements of this subchapter in its procurement of such property or services.

The restriction set out in clause (B) is in addition to, and not in lieu of, any other restriction provided by law.

**(g) Simplified procedures for small purchases**

(1) In order to promote efficiency and economy in contracting and to avoid unnecessary burdens for agencies and contractors, the Federal Acquisition Regulation shall provide for—

(A) special simplified procedures for purchases of property and services for amounts not greater than the simplified acquisition threshold; and

(B) special simplified procedures for purchases of property and services for amounts greater than the simplified acquisition threshold but not greater than \$5,000,000 with respect to which the contracting officer reasonably expects, based on the nature of the property or services sought and on market research, that offers will include only commercial items.

(2)(A) The Administrator of General Services shall prescribe regulations that provide special simplified procedures for acquisitions of leasehold interests in real property at rental rates that do not exceed the simplified acquisition threshold.

(B) For purposes of subparagraph (A), the rental rate or rates under a multiyear lease do not exceed the simplified acquisition threshold if the average annual amount of the rent payable for the period of the lease does not exceed the simplified acquisition threshold.

(3) A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the simplified procedures required by paragraph (1).

(4) In using the simplified procedures, an executive agency shall promote competition to the maximum extent practicable.

(5) An executive agency shall comply with the Federal Acquisition Regulation provisions referred to in section 427(f) of this title.

**(h) Efficient implementation of requirement**

The Federal Acquisition Regulation shall ensure that the requirement to obtain full and open competition is implemented in a manner that is consistent with the need to efficiently fulfill the Government's requirements.

**(i) Merit-based award of contracts**

(1) It is the policy of Congress that an executive agency should not be required by legislation to award a new contract to a specific non-Federal Government entity. It is further the policy of Congress that any program, project, or technology identified in legislation be procured through merit-based selection procedures.

(2) A provision of law may not be construed as requiring a new contract to be awarded to a specified non-Federal Government entity unless that provision of law—

(A) specifically refers to this subsection;

(B) specifically identifies the particular non-Federal Government entity involved; and

(C) specifically states that the award to that entity is required by such provision of law in contravention of the policy set forth in paragraph (1).

(3) For purposes of this subsection, a contract is a new contract unless the work provided for in the contract is a continuation of the work per-

formed by the specified entity under a preceding contract.

(4) This subsection shall not apply with respect to any contract that calls upon the National Academy of Sciences to investigate, examine, or experiment upon any subject of science or art of significance to an executive agency and to report on such matters to the Congress or any agency of the Federal Government.

tion and section 259 of this title and enacting sections 253a and 253b of this title] do not supersede or affect the provisions of section 8(a) of the Small Business Act (15 U.S.C. 637(a)).”

**DEFINITIONS**

The definitions in section 102 of Title 40, Public Buildings, Property, and Works, apply to this subchapter.

**§ 253a. Planning and solicitation requirements**

**(a) Preparation; planning; specifications in solicitation**

(1) In preparing for the procurement of property or services, an executive agency shall—

(A) specify its needs and solicit bids or proposals in a manner designed to achieve full and open competition for the procurement;

(B) use advance procurement planning and market research; and

(C) develop specifications in such manner as is necessary to obtain full and open competition with due regard to the nature of the property or services to be acquired.

(2) Each solicitation under this subchapter shall include specifications which—

(A) consistent with the provisions of this subchapter, permit full and open competition;

(B) include restrictive provisions or conditions only to the extent necessary to satisfy the needs of the executive agency or as authorized by law.

(3) For the purposes of paragraphs (1) and (2), the type of specification included in a solicitation shall depend on the nature of the needs of the executive agency and the market available to satisfy such needs. Subject to such needs, specifications may be stated in terms of—

(A) function, so that a variety of products or services may qualify;

(B) performance, including specifications of the range of acceptable characteristics or of the minimum acceptable standards; or

(C) design requirements.

**(b) Contents of solicitation**

In addition to the specifications described in subsection (a) of this section, each solicitation for sealed bids or competitive proposals (other than for a procurement for commercial items using special simplified procedures or a purchase for an amount not greater than the simplified acquisition threshold) shall at a minimum include—

(1) a statement of—

(A) all significant factors and significant subfactors which the executive agency reasonably expects to consider in evaluating sealed bids (including price) or competitive proposals (including cost or price, cost-related or price-related factors and subfactors, and noncost-related or nonprice-related factors and subfactors); and

(B) the relative importance assigned to each of those factors and subfactors; and

(2)(A) in the case of sealed bids—

(i) a statement that sealed bids will be evaluated without discussions with the bidders; and

(ii) the time and place for the opening of the sealed bids; or

(B) in the case of competitive proposals—

(i) either a statement that the proposals are intended to be evaluated with, and award made after, discussions with the offerors, or a statement that the proposals are intended to be evaluated, and award made, without discussions with the offerors (other than discussions conducted for the purpose of minor clarification) unless discussions are determined to be necessary; and

(ii) the time and place for submission of proposals.

**(c) Evaluation factors**

(1) In prescribing the evaluation factors to be included in each solicitation for competitive proposals, an executive agency—

(A) shall clearly establish the relative importance assigned to the evaluation factors and subfactors, including the quality of the product or services to be provided (including technical capability, management capability, prior experience, and past performance of the offeror);

(B) shall include cost or price to the Federal Government as an evaluation factor that must be considered in the evaluation of proposals; and

(C) shall disclose to offerors whether all evaluation factors other than cost or price, when combined, are—

(i) significantly more important than cost or price;

(ii) approximately equal in importance to cost or price; or

(iii) significantly less important than cost or price.

(2) The regulations implementing subparagraph (C) of paragraph (1) may not define the terms “significantly more important” and “significantly less important” as specific numeric weights that would be applied uniformly to all solicitations or a class of solicitations.

**(d) Additional information in solicitation**

Nothing in this section prohibits an executive agency from—

(1) providing additional information in a solicitation, including numeric weights for all evaluation factors and subfactors on a case-by-case basis; or

(2) stating in a solicitation that award will be made to the offeror that meets the solicitation’s mandatory requirements at the lowest cost or price.

**(e) Evaluation of purchase options**

An executive agency, in issuing a solicitation for a contract to be awarded using sealed bid procedures, may not include in such solicitation a clause providing for the evaluation of prices for options to purchase additional property or services under the contract unless the executive agency has determined that there is a reasonable likelihood that the options will be exercised.

**AUTHORIZATION OF TELECOMMUTING FOR FEDERAL CONTRACTORS**

Pub. L. 108-136, div. A, title XIV, §1428, Nov. 24, 2003, 117 Stat. 1670, provided that:

“(a) AMENDMENT TO THE FEDERAL ACQUISITION REGULATION.—Not later than 180 days after the date of the enactment of this Act [Nov. 24, 2003], the Federal Acquisition Regulatory Council shall amend the Federal Acquisition Regulation issued in accordance with sections 6 and 25 of the Office of Federal Procurement Policy Act (41 U.S.C. 405 and 421) to permit telecommuting by employees of Federal Government contractors in the performance of contracts entered into with executive agencies.

“(b) CONTENT OF AMENDMENT.—The regulation issued pursuant to subsection (a) shall, at a minimum, provide that solicitations for the acquisition of property or services may not set forth any requirement or evaluation criteria that would—

“(1) render an offeror ineligible to enter into a contract on the basis of the inclusion of a plan of the offeror to permit the offeror’s employees to telecommute, unless the contracting officer concerned first determines that the requirements of the agency, including security requirements, cannot be met if the telecommuting is permitted and documents in writing the basis for that determination; or

“(2) reduce the scoring of an offer on the basis of the inclusion in the offer of a plan of the offeror to permit the offeror’s employees to telecommute, unless the contracting officer concerned first deter-

mines that the requirements of the agency, including security requirements, would be adversely impacted if telecommuting is permitted and documents in writing the basis for that determination.

“(c) DEFINITION.—In this section, the term ‘executive agency’ has the meaning given that term in section 4(1) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(1)).”

#### SMALL BUSINESS ACT

Section not to affect or supersede the provisions of section 637(a) of Title 15, Commerce and Trade, see section 2711(c) of Pub. L. 98-369, set out as a note under section 253 of this title.

#### DEFINITIONS

The definitions in section 102 of Title 40, Public Buildings, Property, and Works, apply to this subchapter.

### § 253b. Evaluation and award

#### (a) Basis

An executive agency shall evaluate sealed bids and competitive proposals, and award a contract, based solely on the factors specified in the solicitation.

#### (b) Rejection of bids or proposals

All sealed bids or competitive proposals received in response to a solicitation may be rejected if the agency head determines that such action is in the public interest.

#### (c) Opening of bids; promptness of award; written notice

Sealed bids shall be opened publicly at the time and place stated in the solicitation. The executive agency shall evaluate the bids in accordance with subsection (a) of this section without discussions with the bidders and, except as provided in subsection (b) of this section, shall award a contract with reasonable promptness to the responsible source whose bid conforms to the solicitation and is most advantageous to the United States, considering only price and the other price-related factors included in the solicitation. The award of a contract shall be made by transmitting, in writing or by electronic means, notice of the award to the successful bidder. Within 3 days after the date of contract award, the executive agency shall notify, in writing or by electronic means, each bidder not awarded the contract that the contract has been awarded.

#### (d) Discussions with offerors; written notification

(1) An executive agency shall evaluate competitive proposals in accordance with subsection (a) of this section and may award a contract—

(A) after discussions with the offerors, provided that written or oral discussions have been conducted with all responsible offerors who submit proposals within the competitive range; or

(B) based on the proposals received and without discussions with the offerors (other than discussions conducted for the purpose of minor clarification), if, as required by section 253a(b)(2)(B)(i) of this title, the solicitation included a statement that proposals are intended to be evaluated, and award made, without discussions, unless discussions are determined to be necessary.

(2) If the contracting officer determines that the number of offerors that would otherwise be included in the competitive range under paragraph (1)(A) exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of proposals in the competitive range, in accordance with the criteria specified in the solicitation, to the greatest number that will permit an efficient competition among the offerors rated most highly in accordance with such criteria.

(3) Except as otherwise provided in subsection (b) of this section, the executive agency shall award a contract with reasonable promptness to the responsible source whose proposal is most advantageous to the United States, considering only cost or price and the other factors included in the solicitation. The executive agency shall award the contract by transmitting, in writing or by electronic means, notice of the award to such source and, within 3 days after the date of contract award, shall notify, in writing or by electronic means, all other offerors of the rejection of their proposals.

#### (e) Post-award debriefings

(1) When a contract is awarded by the head of an executive agency on the basis of competitive proposals, an unsuccessful offeror, upon written request received by the agency within 3 days after the date on which the unsuccessful offeror receives the notification of the contract award, shall be debriefed and furnished the basis for the selection decision and contract award. The executive agency shall debrief the offeror within, to the maximum extent practicable, 5 days after receipt of the request by the executive agency.

(2) The debriefing shall include, at a minimum—

(A) the executive agency’s evaluation of the significant weak or deficient factors in the offeror’s offer;

(B) the overall evaluated cost and technical rating of the offer of the contractor awarded the contract and the overall evaluated cost and technical rating of the offer of the debriefed offeror;

(C) the overall ranking of all offers;

(D) a summary of the rationale for the award;

(E) in the case of a proposal that includes a commercial item that is an end item under the contract, the make and model of the item being provided in accordance with the offer of the contractor awarded the contract; and

(F) reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the executive agency.

(3) The debriefing may not include point-by-point comparisons of the debriefed offeror’s offer with other offers and may not disclose any information that is exempt from disclosure under section 552(b) of title 5.

(4) Each solicitation for competitive proposals shall include a statement that information described in paragraph (2) may be disclosed in post-award debriefings.

(5) If, within one year after the date of the contract award and as a result of a successful

procurement protest, the executive agency seeks to fulfill the requirement under the protested contract either on the basis of a new solicitation of offers or on the basis of new best and final offers requested for that contract, the head of such executive agency shall make available to all offerors—

(A) the information provided in debriefings under this subsection regarding the offer of the contractor awarded the contract; and

(B) the same information that would have been provided to the original offerors.

**(f) Preaward debriefings**

(1) When the contracting officer excludes an offeror submitting a competitive proposal from the competitive range (or otherwise excludes such an offeror from further consideration prior to the final source selection decision), the excluded offeror may request in writing, within 3 days after the date on which the excluded offeror receives notice of its exclusion, a debriefing prior to award. The contracting officer shall make every effort to debrief the unsuccessful offeror as soon as practicable but may refuse the request for a debriefing if it is not in the best interests of the Government to conduct a debriefing at that time.

(2) The contracting officer is required to debrief an excluded offeror in accordance with subsection (e) of this section only if that offeror requested and was refused a preaward debriefing under paragraph (1) of this subsection.

(3) The debriefing conducted under this subsection shall include—

(A) the executive agency's evaluation of the significant elements in the offeror's offer;

(B) a summary of the rationale for the offeror's exclusion; and

(C) reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the executive agency.

(4) The debriefing conducted pursuant to this subsection may not disclose the number or identity of other offerors and shall not disclose information about the content, ranking, or evaluation of other offerors' proposals.

**(g) Summary of debriefing**

The contracting officer shall include a summary of any debriefing conducted under subsection (e) or (f) of this section in the contract file.

**(h) Alternative dispute resolution**

The Federal Acquisition Regulation shall include a provision encouraging the use of alternative dispute resolution techniques to provide informal, expeditious, and inexpensive procedures for an offeror to consider using before filing a protest, prior to the award of a contract, of the exclusion of the offeror from the competitive range (or otherwise from further consideration) for that contract.

**(i) Antitrust violations**

If the agency head considers that a bid or proposal evidences a violation of the antitrust laws, such agency head shall refer the bid or proposal to the Attorney General for appropriate action.

**(j) Planning for future competition**

(1)(A) In preparing a solicitation for the award of a development contract for a major system, the head of an agency shall consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(B) The proposals that the head of an agency is to consider requiring in a solicitation for the award of a development contract are the following:

(i) Proposals to incorporate in the design of the major system items which are currently available within the supply system of the Federal agency responsible for the major system, available elsewhere in the national supply system, or commercially available from more than one source.

(ii) With respect to items that are likely to be required in substantial quantities during the system's service life, proposals to incorporate in the design of the major system items which the United States will be able to acquire competitively in the future.

(2)(A) In preparing a solicitation for the award of a production contract for a major system, the head of an agency shall consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(B) The proposals that the head of an agency is to consider requiring in a solicitation for the award of a production contract are proposals identifying opportunities to ensure that the United States will be able to obtain on a competitive basis items procured in connection with the system that are likely to be reprocedured in substantial quantities during the service life of the system. Proposals submitted in response to such requirement may include the following:

(i) Proposals to provide to the United States the right to use technical data to be provided under the contract for competitive reprocurement of the item, together with the cost to the United States, if any, of acquiring such technical data and the right to use such data.

(ii) Proposals for the qualification or development of multiple sources of supply for the item.

(3) If the head of an agency is making a non-competitive award of a development contract or a production contract for a major system, the factors specified in paragraphs (1) and (2) to be considered in evaluating an offer for a contract may be considered as objectives in negotiating the contract to be awarded.

**(k) Protest file**

(1) If, in the case of a solicitation for a contract issued by, or an award or proposed award of a contract by, the head of an executive agency, a protest is filed pursuant to the procedures in subchapter V of chapter 35 of title 31, and an actual or prospective offeror so requests, a file of the protest shall be established by the procuring activity and reasonable access shall be provided to actual or prospective offerors.

(2) Information exempt from disclosure under section 552 of title 5 may be redacted in a file established pursuant to paragraph (1) unless an applicable protective order provides otherwise.

**(l) Agency actions on protests**

If, in connection with a protest, the head of an executive agency determines that a solicitation, proposed award, or award does not comply with the requirements of law or regulation, the head of such executive agency—

(1) may take any action set out in subparagraphs (A) through (F) of subsection (b)(1) of section 3554 of title 31; and

(2) may pay costs described in paragraph (1) of section 3554(c) of such title within the limits referred to in paragraph (2) of such section.

**(m) Prohibition on release of contractor proposals**

(1) Except as provided in paragraph (2), a proposal in the possession or control of an executive agency may not be made available to any person under section 552 of title 5.

(2) Paragraph (1) does not apply to any proposal that is set forth or incorporated by reference in a contract entered into between the agency and the contractor that submitted the proposal.

(3) In this subsection, the term “proposal” means any proposal, including a technical, management, or cost proposal, submitted by a contractor in response to the requirements of a solicitation for a competitive proposal.

#### EX. ORD. NO. 12979. AGENCY PROCUREMENT PROTESTS

Ex. Ord. No. 12979, Oct. 25, 1995, 60 F.R. 55171, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to ensure effective and efficient expenditure of public funds and fair and expeditious resolution of protests to the award of Federal procurement contracts, it is hereby ordered as follows:

SECTION 1. Heads of executive departments and agencies ("agencies") engaged in the procurement of supplies and services shall prescribe administrative procedures for the resolution of protests to the award of their procurement contracts as an alternative to protests in fora outside the procuring agencies. Procedures prescribed pursuant to this order shall:

(a) emphasize that whenever conduct of a procurement is contested, all parties should use their best efforts to resolve the matter with agency contracting officers;

(b) to the maximum extent practicable, provide for inexpensive, informal, procedurally simple, and expeditious resolution of protests, including, where appropriate and as permitted by law, the use of alternative dispute resolution techniques, third party neutrals, and another agency's personnel;

(c) allow actual or prospective bidders or offerors whose direct economic interests would be affected by the award or failure to award the contract to request a review, at a level above the contracting officer, of any decision by a contracting officer that is alleged to have violated a statute or regulation and, thereby, caused prejudice to the protester; and

(d) except where immediate contract award or performance is justified for urgent and compelling reasons or is determined to be in the best interest of the United States, prohibit award or performance of the contract while a timely filed protest is pending before the agency. To allow for the withholding of a contract award or performance, the agency must have received notice of the protest within either 10 calendar days after the contract award or 5 calendar days after the bidder or offeror who is protesting the contract award was given the opportunity to be debriefed by the agency, whichever date is later.

SEC. 2. The Administrator for Federal Procurement Policy shall: (a) work with the heads of executive agencies to provide policy guidance and leadership necessary to implement provisions of this order; and

(b) review and evaluate agency experience and performance under this order, and report on any findings

to the President within 2 years from the date of this order.

SEC. 3. The Administrator of General Services, the Secretary of Defense, and the Administrator of the National Aeronautics and Space Administration, in coordination with the Office of Federal Procurement Policy, shall amend the Federal Acquisition Regulation, 48 C.F.R. 1, within 180 days of the date of this order to further the purposes of this order.

WILLIAM J. CLINTON.

#### DEFINITIONS

The definitions in section 102 of Title 40, Public Buildings, Property, and Works, apply to this subchapter.

### § 253c. Encouragement of new competition

#### (a) "Qualification requirement" defined

In this section, "qualification requirement" means a requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract.

#### (b) Agency head; functions; prior to enforcement of qualification requirement

Except as provided in subsection (c) of this section, the head of the agency shall, before enforcing any qualification requirement—

(1) prepare a written justification stating the necessity for establishing the qualification requirement and specify why the qualification requirement must be demonstrated before contract award;

(2) specify in writing and make available to a potential offeror upon request all requirements which a prospective offeror, or its product, must satisfy in order to become qualified, such requirements to be limited to those least restrictive to meet the purposes necessitating the establishment of the qualification requirement;

(3) specify an estimate of the costs of testing and evaluation likely to be incurred by a potential offeror in order to become qualified;

(4) ensure that a potential offeror is provided, upon request, a prompt opportunity to demonstrate at its own expense (except as provided in subsection (d) of this section) its ability to meet the standards specified for qualification using qualified personnel and facilities of the agency concerned or of another agency obtained through interagency agreement, or under contract, or other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency);

(5) if testing and evaluation services are provided under contract to the agency for the purposes of clause (4), provide to the extent possible that such services be provided by a contractor who is not expected to benefit from an absence of additional qualified sources and who shall be required in such contract to adhere to any restriction on technical data asserted by the potential offeror seeking qualification; and

(6) ensure that a potential offeror seeking qualification is promptly informed as to whether qualification is attained and, in the event qualification is not attained, is promptly furnished specific information why qualification was not attained.

**(c) Applicability; waiver authority; referral of offers**

(1) Subsection (b) of this section does not apply with respect to a qualification requirement established by statute prior to October 30, 1984.

(2) Except as provided in paragraph (3), if it is unreasonable to specify the standards for qualification which a prospective offeror or its product must satisfy, a determination to that effect shall be submitted to the advocate for competition of the procuring activity responsible for the purchase of the item subject to the qualification requirement. After considering any comments of the advocate for competition reviewing such determination, the head of the procuring activity may waive the requirements of paragraphs (2) through (5) of subsection (b) of this section for up to two years with respect to the item subject to the qualification requirement.

(3) The waiver authority contained in paragraph (2) shall not apply with respect to any qualified products list.

(4) A potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror has not been identified as meeting a qualification requirement, if the potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror or its product meets the standards established for qualification or can meet such standards before the date specified for award of the contract.

(5) Nothing contained in this subsection requires the referral of an offer to the Small Business Administration pursuant to section 637(b)(7) of title 15 if the basis for the referral is a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with such requirement.

(6) The head of an agency need not delay a proposed procurement in order to comply with subsection (b) of this section or in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

**(d) Number; qualified sources or products; fewer than two actual manufacturers; functions of agency head**

(1) If the number of qualified sources or qualified products available to compete actively for an anticipated future requirement is fewer than two actual manufacturers or the products of two actual manufacturers, respectively, the head of the agency concerned shall—

(A) periodically publish notice in the Commerce Business Daily soliciting additional sources or products to seek qualification, unless the contracting officer determines that such publication would compromise national security; and

(B) bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to

compete for a contract for that requirement, but such costs may be borne only if the head of the agency determines that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to offset (within a reasonable period of time considering the duration and dollar value of anticipated future requirements) the costs incurred by the agency.

(2) The head of an agency shall require a prospective contractor requesting the United States to bear testing and evaluation costs under paragraph (1)(B) to certify as to its status as a small business concern under section 632 of title 15.

**(e) Examination; need for qualification requirement**

Within seven years after the establishment of a qualification requirement, the need for such qualification requirement shall be examined and the standards of such requirement revalidated in accordance with the requirements of subsection (b) of this section. The preceding sentence does not apply in the case of a qualification requirement for which a waiver is in effect under subsection (c)(2) of this section.

**(f) Enforcement determination by agency head**

**EFFECTIVE DATE**

Section 202(b) of Pub. L. 98-577 provided that: "The amendment made by subsection (a) [enacting this section] shall apply with respect to solicitations issued more than 180 days after the date of enactment of this Act [Oct. 30, 1984]."

**DEFINITIONS**

The definitions in section 102 of Title 40, Public Buildings, Property, and Works, apply to this subchapter.

**§253d. Validation of proprietary data restrictions**

**(a) Contracts; delivery of technical services; contents**

A contract for property or services entered into by an executive agency which provides for the delivery of technical data, shall provide that—

(1) a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction asserted by the contractor or subcontractor on the right of the United States to use such technical data; and

(2) the contracting officer may review the validity of any restriction asserted by the con-

tractor or by a subcontractor under the contract on the right of the United States to use technical data furnished to the United States under the contract if the contracting officer determines that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the United States would make it impracticable to procure the item competitively at a later time.

**(b) Review; challenge; notice**

If after such review the contracting officer determines that a challenge to the asserted restriction is warranted, the contracting officer shall provide written notice to the contractor or subcontractor asserting the restriction. Such notice shall state—

- (1) the grounds for challenging the asserted restriction; and
- (2) the requirement for a response within 60 days justifying the current validity of the asserted restriction.

**(c) Written request; additional time; schedule of responses**

If a contractor or subcontractor asserting a restriction subject to this section submits to the contracting officer a written request, showing the need for additional time to comply with the requirement to justify the current validity of the asserted restriction, additional time to adequately permit the submission of such justification shall be provided by the contracting officer as appropriate. If a party asserting a restriction receives notices of challenges to restrictions on technical data from more than one contracting officer, and notifies each contracting officer of the existence of more than one challenge, the contracting officer initiating the first in time challenge, after consultation with the party asserting the restriction and the other contracting officers, shall formulate a schedule of responses to each of the challenges that will afford the party asserting the restriction with an equitable opportunity to respond to each such challenge.

**(d) Decision; validity of asserted restriction; failure to submit response**

(1) Upon a failure by the contractor or subcontractor to submit any response under subsection (b) of this section, the contracting officer shall issue a decision pertaining to the validity of the asserted restriction.

(2) If a justification is submitted in response to the notice provided pursuant to subsection (b) of this section, a contracting officer shall within 60 days of receipt of any justification submitted, issue a decision or notify the party asserting the restriction of the time within which a decision will be issued.

**(e) Claim; considered claim within Contract Disputes Act of 1978**

If a claim pertaining to the validity of the asserted restriction is submitted in writing to a contracting officer by a contractor or subcontractor at any tier, such claim shall be considered a claim within the meaning of the Contract Disputes Act of 1978 (41 U.S.C. 601 et seq.).

**(f) Challenge; use of technical data; sustained; liability of United States for costs and fees**

(1) If, upon final disposition, the contracting officer's challenge to the restriction on the right

of the United States to use such technical data is sustained—

(A) the restriction on the right of the United States to use the technical data shall be cancelled; and

(B) if the asserted restriction is found not to be substantially justified, the contractor or subcontractor, as appropriate, shall be liable to the United States for payment of the cost to the United States of reviewing the asserted restriction and the fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the United States in challenging the asserted restriction, unless special circumstances would make such payment unjust.

(2) If, upon final disposition, the contracting officer's challenge to the restriction on the right of the United States to use such technical data is not sustained—

(A) the United States shall continue to be bound by the restriction; and

(B) the United States shall be liable for payment to the party asserting the restriction for fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the party asserting the restriction in defending the asserted restriction if the challenge by the United States is found not to be made in good faith.

**§ 253g. Prohibition of contractors limiting subcontractor sales directly to United States**

**(a) Contract restrictions**

Each contract for the purchase of property or services made by an executive agency shall provide that the contractor will not—

(1) enter into any agreement with a subcontractor under the contract that has the effect of unreasonably restricting sales by the subcontractor directly to the United States of any item or process (including computer software) made or furnished by the subcontractor under the contract (or any follow-on production contract); or

(2) otherwise act to restrict unreasonably the ability of a subcontractor to make sales to the United States described in clause (1).

This section does not prohibit a contractor from asserting rights it otherwise has under law.

**(c) Inapplicability to certain contracts**

This section does not apply to a contract for an amount that is not greater than the simplified acquisition threshold.

**(d) Inapplicability when Government treated similarly to other purchasers**

An agreement between the contractor in a contract for the acquisition of commercial items and a subcontractor under such contract that restricts sales by such subcontractor directly to persons other than the contractor may not be considered to unreasonably restrict sales

by that subcontractor to the United States in violation of the provision included in such contract pursuant to subsection (a) of this section if the agreement does not result in the Federal Government being treated differently with regard to the restriction than any other prospective purchaser of such commercial items from that subcontractor.

Subject to the requirements of this section, section 253j of this title, and other applicable law, the head of an executive agency may enter into a task or delivery order contract (as defined in section 253k of this title) for procurement of services or property.

**(b) Solicitation**

The solicitation for a task or delivery order contract shall include the following:

(1) The period of the contract, including the number of options to extend the contract and the period for which the contract may be extended under each option, if any.

(2) The maximum quantity or dollar value of the services or property to be procured under the contract.

(3) A statement of work, specifications, or other description that reasonably describes the general scope, nature, complexity, and purposes of the services or property to be procured under the contract.

**(c) Applicability of restriction on use of non-competitive procedures**

The head of an executive agency may use procedures other than competitive procedures to enter into a task or delivery order contract under this section only if an exception in subsection (c) of section 253 of this title applies to the contract and the use of such procedures is

approved in accordance with subsection (f) of such section.

**(d) Single and multiple contract awards**

(1) The head of an executive agency may exercise the authority provided in this section—

(A) to award a single task or delivery order contract; or

(B) if the solicitation states that the head of the executive agency has the option to do so, to award separate task or delivery order contracts for the same or similar services or property to two or more sources.

(2) No determination under section 253(b) of this title is required for an award of multiple task or delivery order contracts under paragraph (1)(B).

(3) The regulations implementing this subsection shall—

(A) establish a preference for awarding, to the maximum extent practicable, multiple task or delivery order contracts for the same or similar services or property under the authority of paragraph (1)(B); and

(B) establish criteria for determining when award of multiple task or delivery order contracts would not be in the best interest of the Federal Government.

**GUIDANCE ON USE OF TASK ORDER AND DELIVERY ORDER CONTRACTS**

Pub. L. 106-65, div. A, title VIII, §804, Oct. 5, 1999, 113 Stat. 704, provided that:

“(a) GUIDANCE IN THE FEDERAL ACQUISITION REGULATION.—Not later than 180 days after the date of the enactment of this Act [Oct. 5, 1999], the Federal Acquisition Regulation issued in accordance with sections 6 and 25 of the Office of Federal Procurement Policy Act (41 U.S.C. 405 and 421) shall be revised to provide guidance to agencies on the appropriate use of task order and delivery order contracts in accordance with sections 2304a through 2304d of title 10, United States Code, and sections 303H through 303K of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253h through 253k).

“(1) Specific guidance on the appropriate use of governmentwide and other multiagency contracts entered into in accordance with the provisions of law referred to in that subsection.

“(2) Specific guidance on steps that agencies should take in entering into and administering multiple award task order and delivery order contracts to ensure compliance with—

“(A) the requirement in section 5122 of the Clinger-Cohen Act (40 U.S.C. 1422) [now 40 U.S.C. 11312] for capital planning and investment control in purchases of information technology products and services;

“(B) the requirement in section 2304c(b) of title 10, United States Code, and section 303J(b) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253j(b)) to ensure that all contractors are afforded a fair opportunity to be considered for the award of task orders and delivery orders; and

“(C) the requirement in section 2304c(c) of title 10, United States Code, and section 303J(c) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253j(c)) for a statement of work in each task order or delivery order issued that clearly specifies all tasks to be performed or property to be delivered under the order.

“(c) GSA FEDERAL SUPPLY SCHEDULES PROGRAM.—The Administrator for Federal Procurement Policy shall consult with the Administrator of General Services to assess the effectiveness of the multiple awards schedule program of the General Services Administration referred to in section 309(b)(3) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 259(b)(3)) that is administered as the Federal Supply Schedules program. The assessment shall include examination of the following:

“(2) The ordering and program practices followed by Federal customer agencies in using schedules established under the program.

“(d) GAO REPORT.—Not later than one year after the date on which the regulations required by subsection (a) are published in the Federal Register, the Comptroller General shall submit to Congress an evaluation of—

“(1) executive agency compliance with the regulations; and

“(2) conformance of the regulations with existing law, together with any recommendations that the Comptroller General considers appropriate.”

**§ 253i. Task order contracts: advisory and assistance services**

**(a) Authority to award**

(1) Subject to the requirements of this section, section 253j of this title, and other applicable law, the head of an executive agency may enter into a task order contract (as defined in section 253k of this title) for procurement of advisory and assistance services.

(2) The head of an executive agency may enter into a task order contract for advisory and assistance services only under the authority of this section.

**(b) Limitation on contract period**

The period of a task order contract entered into under this section, including all periods of extensions of the contract under options, modifications, or otherwise, may not exceed five years unless a longer period is specifically authorized in a law that is applicable to such contract.

**(c) Content of notice**

The notice required by section 416 of this title and section 637(e) of title 15 shall reasonably and fairly describe the general scope, magnitude, and duration of the proposed task order contract in a manner that would reasonably enable a potential offeror to decide whether to request the solicitation and consider submitting an offer.

**(d) Required content of solicitation and contract**

(1) The solicitation shall include the information (regarding services) described in section 253h(b) of this title.

(2) A task order contract entered into under this section shall contain the same information that is required by paragraph (1) to be included in the solicitation of offers for that contract.

**(e) Multiple awards**

(1) The head of an executive agency may, on the basis of one solicitation, award separate task order contracts under this section for the same or similar services to two or more sources if the solicitation states that the head of the executive agency has the option to do so.

(2) If, in the case of a task order contract for advisory and assistance services to be entered into under the authority of this section, the contract period is to exceed three years and the contract amount is estimated to exceed \$10,000,000 (including all options), the solicitation shall—

(A) provide for a multiple award authorized under paragraph (1); and

(B) include a statement that the head of the executive agency may also elect to award only one task order contract if the head of the executive agency determines in writing that only one of the offerors is capable of providing the services required at the level of quality required.

(3) Paragraph (2) does not apply in the case of a solicitation for which the head of the executive agency concerned determines in writing that, because the services required under the contract are unique or highly specialized, it is not practicable to award more than one contract.

**(f) Contract modifications**

(1) A task order may not increase the scope, period, or maximum value of the task order contract under which the order is issued. The scope, period, or maximum value of the contract may be increased only by modification of the contract.

(2) Unless use of procedures other than competitive procedures is authorized by an exception in subsection (c) of section 253 of this title and approved in accordance with subsection (f) of such section, competitive procedures shall be used for making such a modification.

(3) Notice regarding the modification shall be provided in accordance with section 416 of this title and section 637(e) of title 15.

**(g) Contract extensions**

(1) Notwithstanding the limitation on the contract period set forth in subsection (b) of this section or in a solicitation or contract pursuant to subsection (e) of this section, a contract entered into by the head of an executive agency under this section may be extended on a sole-source basis for a period not exceeding six months if the head of such executive agency determines that—

(A) the award of a follow-on contract has been delayed by circumstances that were not reasonably foreseeable at the time the initial contract was entered into; and

(B) the extension is necessary in order to ensure continuity of the receipt of services pending the award of, and commencement of performance under, the follow-on contract.

(2) A task order contract may be extended under the authority of paragraph (1) only once and only in accordance with the limitations and requirements of this subsection.

**(h) Inapplicability to certain contracts**

This section does not apply to a contract for the acquisition of property or services that includes acquisition of advisory and assistance services if the head of the executive agency entering into such contract determines that, under the contract, advisory and assistance services are necessarily incident to, and not a significant component of, the contract.

**(i) “Advisory and assistance services” defined**

In this section, the term “advisory and assistance services” has the meaning given such term in section 1105(g) of title 31.

(June 30, 1949, ch. 288, title III, §303I, as added Pub. L. 103-355, title I, §1054(a), Oct. 13, 1994, 108 Stat. 3262.)

**EFFECTIVE DATE**

L. 103-355, set out as a note under section 253h of this title.

**§ 253j. Task and delivery order contracts: orders****(a) Issuance of orders**

The following actions are not required for issuance of a task or delivery order under a task or delivery order contract:

- (1) A separate notice for such order under section 416 of this title or section 637(e) of title 15.
- (2) Except as provided in subsection (b) of this section, a competition (or a waiver of competition approved in accordance with section 253(f) of this title) that is separate from that used for entering into the contract.

**(b) Multiple award contracts**

When multiple contracts are awarded under section 253h(d)(1)(B) or 253i(e) of this title, all contractors awarded such contracts shall be provided a fair opportunity to be considered, pursuant to procedures set forth in the contracts, for each task or delivery order in excess of \$2,500 that is to be issued under any of the contracts unless—

- (1) the executive agency's need for the services or property ordered is of such unusual urgency that providing such opportunity to all such contractors would result in unacceptable delays in fulfilling that need;
- (2) only one such contractor is capable of providing the services or property required at the level of quality required because the services or property ordered are unique or highly specialized;
- (3) the task or delivery order should be issued on a sole-source basis in the interest of economy and efficiency because it is a logical follow-on to a task or delivery order already issued on a competitive basis; or
- (4) it is necessary to place the order with a particular contractor in order to satisfy a minimum guarantee.

**(c) Statement of work**

A task or delivery order shall include a statement of work that clearly specifies all tasks to be performed or property to be delivered under the order.

**(d) Protests**

**(e) Task and delivery order ombudsman**

The head of each executive agency who awards multiple task or delivery order contracts pursuant to section 253h(d)(1)(B) or 253i(e) of this title shall appoint or designate a task and delivery order ombudsman who shall be responsible for reviewing complaints from the contractors on such contracts and ensuring that all of the contractors are afforded a fair opportunity to be considered for task or delivery orders when required under subsection (b) of this section. The task and delivery order ombudsman shall be a senior agency official who is independent of the contracting officer for the contracts and may be the executive agency's competition advocate.

**(f) Applicability**

This section applies to task and delivery order contracts entered into under sections 253h and 253i of this title.

**§ 253m. Design-build selection procedures**

**(a) Authorization**

Unless the traditional acquisition approach of design-bid-build established under sections 1101 to 1104 of title 40 is used or another acquisition procedure authorized by law is used, the head of an executive agency shall use the two-phase selection procedures authorized in this section for entering into a contract for the design and construction of a public building, facility, or work when a determination is made under subsection (b) of this section that the procedures are appropriate for use.

**(b) Criteria for use**

A contracting officer shall make a determination whether two-phase selection procedures are appropriate for use for entering into a contract for the design and construction of a public building, facility, or work when the contracting officer anticipates that three or more offers will be received for such contract, design work must be performed before an offeror can develop a price or cost proposal for such contract, the offeror will incur a substantial amount of expense in preparing the offer, and the contracting officer has considered information such as the following:

(1) The extent to which the project requirements have been adequately defined.

(2) The time constraints for delivery of the project.

(3) The capability and experience of potential contractors.

(4) The suitability of the project for use of the two-phase selection procedures.

(5) The capability of the agency to manage the two-phase selection process.

(6) Other criteria established by the agency.

**(c) Procedures described**

Two-phase selection procedures consist of the following:

(1) The agency develops, either in-house or by contract, a scope of work statement for inclusion in the solicitation that defines the project and provides prospective offerors with sufficient information regarding the Government's requirements (which may include criteria and preliminary design, budget parameters, and schedule or delivery requirements) to enable the offerors to submit proposals which meet the Government's needs. If the agency contracts for development of the scope of work statement, the agency shall contract for architectural and engineering services as defined by and in accordance with sections 1101 to 1104 of title 40.

(2) The contracting officer solicits phase-one proposals that—

(A) include information on the offeror's—

- (i) technical approach; and
- (ii) technical qualifications; and

(B) do not include—

- (i) detailed design information; or
- (ii) cost or price information.

(3) The evaluation factors to be used in evaluating phase-one proposals are stated in the solicitation and include specialized experience and technical competence, capability to per-

form, past performance of the offeror's team (including the architect-engineer and construction members of the team) and other appropriate factors, except that cost-related or price-related evaluation factors are not permitted. Each solicitation establishes the relative importance assigned to the evaluation factors and subfactors that must be considered in the evaluation of phase-one proposals. The agency evaluates phase-one proposals on the basis of the phase-one evaluation factors set forth in the solicitation.

(4) The contracting officer selects as the most highly qualified the number of offerors specified in the solicitation to provide the property or services under the contract and requests the selected offerors to submit phase-two competitive proposals that include technical proposals and cost or price information. Each solicitation establishes with respect to phase two—

(A) the technical submission for the proposal, including design concepts or proposed solutions to requirements addressed within the scope of work (or both), and

(B) the evaluation factors and subfactors, including cost or price, that must be considered in the evaluations of proposals in accordance with subsections (b), (c), and (d) of section 253a of this title.

The contracting officer separately evaluates the submissions described in subparagraphs (A) and (B).

(5) The agency awards the contract in accordance with section 253b of this title.

**(d) Solicitation to state number of offerors to be selected for phase-two requests for competitive proposals**

A solicitation issued pursuant to the procedures described in subsection (c) of this section shall state the maximum number of offerors that are to be selected to submit competitive proposals pursuant to subsection (c)(4) of this section. The maximum number specified in the solicitation shall not exceed 5 unless the agency determines with respect to an individual solicitation that a specified number greater than 5 is in the Government's interest and is consistent with the purposes and objectives of the two-phase selection process.

**(e) Requirement for guidance and regulations**

The Federal Acquisition Regulation shall include guidance—

(1) regarding the factors that may be considered in determining whether the two-phase contracting procedures authorized by subsection (a) of this section are appropriate for use in individual contracting situations;

(2) regarding the factors that may be used in selecting contractors; and

(3) providing for a uniform approach to be used Government-wide.

**§ 254. Contract requirements**

**(a) Contracts awarded using procedures other than sealed-bid procedures**

Except as provided in subsection (b) of this section, contracts awarded after using procedures other than sealed-bid procedures may be of any type which in the opinion of the agency head will promote the best interests of the Government. Every contract awarded after using procedures other than sealed-bid procedures shall contain a suitable warranty, as determined by the agency head, by the contractor that no person or selling agency has been employed or retained to solicit or secure such contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business, for the breach or violation of which warranty the Government shall have the right to annul such contract without liability or in its discretion to deduct from the contract price or consideration the full amount of such commission, percentage, brokerage, or contingent fee. The preceding sentence does not apply to a contract for an amount that is not greater than the simplified acquisition threshold or to a contract for the acquisition of commercial items.

**(b) Barred contracts; fee limitation; determination of use; advance notification**

The cost-plus-a-percentage-of-cost system of contracting shall not be used, and in the case of a cost-plus-a-fixed-fee contract the fee shall not exceed 10 percent of the estimated cost of the contract, exclusive of the fee, as determined by the agency head at the time of entering into such contract (except that a fee not in excess of 15 percent of such estimated cost is authorized in any such contract for experimental, developmental, or research work and that a fee inclusive of the contractor's costs and not in excess of 6 percent of the estimated cost, exclusive of fees, as determined by the agency head at the time of entering into the contract, of the project to which such fee is applicable is authorized in contracts for architectural or engineering services relating to any public works or utility project). All cost and cost-plus-a-fixed-fee contracts shall provide for advance notification by the contractor to the procuring agency of any subcontract thereunder on a cost-plus-a-fixed-fee basis and of any fixed-price subcontract or purchase order which exceeds in dollar amount either the simplified acquisition threshold or 5 percent of the total estimated cost of the prime contract; and a procuring agency, through any authorized representative thereof, shall have the

right to inspect the plans and to audit the books and records of any prime contractor or subcontractor engaged in the performance of a cost or cost-plus-a-fixed-fee contract.

#### EX. ORD. NO. 13201. NOTIFICATION OF EMPLOYEE RIGHTS CONCERNING PAYMENT OF UNION DUES OR FEES

Ex. Ord. No. 13201, Feb. 17, 2001, 66 F.R. 11221, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Federal Property and Administrative Services Act, 40 U.S.C. 471 *et seq.* [now chapters 1 to 11 of Title 40, Public Buildings, Property, and Works, and title III of the Act of June 30, 1949 (41 U.S.C. 251 *et seq.*)], and in order to ensure the economical and efficient administration and completion of Government contracts, it is hereby ordered that:

SECTION 1. (a) This order is designed to promote economy and efficiency in Government procurement. When workers are better informed of their rights, including their rights under the Federal labor laws, their productivity is enhanced. The availability of such a workforce from which the United States may draw facilitates the efficient and economical completion of its procurement contracts.

(b) The Secretary of Labor (Secretary) shall be responsible for the administration and enforcement of this order. The Secretary shall adopt such rules and regulations and issue such orders as are deemed necessary and appropriate to achieve the purposes of this order.

SEC. 2. (a) Except in contracts exempted in accordance with section 3 of this order, all Government contracting departments and agencies shall, to the extent consistent with law, include the following provisions in every Government contract, other than collective bargaining agreements as defined in 5 U.S.C. 7103(a)(8) and purchases under the “Simplified Acquisition Threshold” as defined in the Office of Federal Procurement Policy Act (41 U.S.C. 403).

“1. During the term of this contract, the contractor agrees to post a notice, of such size and in such form as the Secretary of Labor shall prescribe, in conspicuous places in and about its plants and offices, including all places where notices to employees are customarily posted. The notice shall include the following information (except that the last sentence shall not be

included in notices posted in the plants or offices of carriers subject to the Railway Labor Act, as amended (45 U.S.C. 151-188):

**“NOTICE TO EMPLOYEES**

Under Federal law, employees cannot be required to join a union or maintain membership in a union in order to retain their jobs. Under certain conditions, the law permits a union and an employer to enter into a union-security agreement requiring employees to pay uniform periodic dues and initiation fees. However, employees who are not union members can object to the use of their payments for certain purposes and can only be required to pay their share of union costs relating to collective bargaining, contract administration, and grievance adjustment.

“If you do not want to pay that portion of dues or fees used to support activities not related to collective bargaining, contract administration, or grievance adjustment, you are entitled to an appropriate reduction in your payment. If you believe that you have been required to pay dues or fees used in part to support activities not related to collective bargaining, contract administration, or grievance adjustment, you may be entitled to a refund and to an appropriate reduction in future payments.

“For further information concerning your rights, you may wish to contact the National Labor Relations Board (NLRB) either at one of its Regional offices or at the following address:

National Labor Relations Board  
Division of Information  
1099 14th Street, N.W.  
Washington, D.C. 20570

“To locate the nearest NLRB office, see NLRB’s website at [www.nlrb.gov](http://www.nlrb.gov).”

“2. The contractor will comply with all provisions of Executive Order 13201 of February 17, 2001, and related rules, regulations, and orders of the Secretary of Labor.

“3. In the event that the contractor does not comply with any of the requirements set forth in paragraphs (1) or (2) above, this contract may be cancelled, terminated, or suspended in whole or in part, and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in or adopted pursuant to Executive Order 13201 of February 17, 2001. Such other sanctions or remedies may be imposed as are provided in Executive Order 13201 of February 17, 2001, or by rule, regulation, or order of the Secretary of Labor, or as are otherwise provided by law.

“4. The contractor will include the provisions of paragraphs (1) through (3) herein in every subcontract or purchase order entered into in connection with this contract unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13201 of February 17, 2001, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any such subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for non compliance: Provided, however, that if the contractor becomes involved in litigation with a subcontractor or vendor, or is threatened with such involvement, as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.”

(b) Whenever, through Acts of Congress or through clarification of existing law by the courts or otherwise, it appears that contractual provisions other than, or in addition to, those set out in subsection (a) of this section are needed to inform employees fully and accurately of their rights with respect to union dues, union-security agreements, or the like, the Secretary shall promptly issue such rules, regulations, or orders as are needed to cause the substitution or addition of appropriate contractual provisions in Government contracts thereafter entered into.

SEC. 3. (a) The Secretary may, if the Secretary finds that special circumstances require an exemption in

order to serve the national interest, exempt a contracting department or agency from the requirements of any or all of the provisions of section 2 of this order with respect to a particular contract, subcontract, or purchase order.

(b) The Secretary may, by rule, regulation, or order, exempt from the provisions of section 2 of this order certain classes of contracts to the extent that they involve (i) work outside the United States and do not involve the recruitment or employment of workers within the United States; (ii) work in jurisdictions where State law forbids enforcement of union-security agreements; (iii) work at sites where the notice to employees described in section 2(a) of this order would be unnecessary because the employees are not represented by a union; (iv) numbers of workers below appropriate thresholds set by the Secretary; or (v) subcontracts below an appropriate tier set by the Secretary.

(c) The Secretary may provide, by rule, regulation, or order, for the exemption of facilities of a contractor, subcontractor, or vendor that are in all respects separate and distinct from activities related to the performance of the contract: Provided, that such exemption will not interfere with or impede the effectuation of the purposes of this order: And provided further, that in the absence of such an exemption all facilities shall be covered by the provisions of this order.

SEC. 4. (a) The Secretary may investigate any Government contractor, subcontractor, or vendor to determine whether the contractual provisions required by section 2 of this order have been violated. Such investigations shall be conducted in accordance with procedures established by the Secretary.

(b) The Secretary shall receive and investigate complaints by employees of a Government contractor, subcontractor, or vendor where such complaints allege a failure to perform or a violation of the contractual provisions required by section 2 of this order.

SEC. 5. (a) The Secretary, or any agency or officer in the executive branch of the Government designated by rule, regulation, or order of the Secretary, may hold such hearings, public or private, regarding compliance with this order as the Secretary may deem advisable.

(b) The Secretary may hold hearings, or cause hearings to be held, in accordance with subsection (a) of this section prior to imposing, ordering, or recommending the imposition of sanctions under this order. Neither an order for debarment of any contractor from further Government contracts under section 6(b) of this order nor the inclusion of a contractor on a published list of noncomplying contractors under section 6(c) of this order shall be carried out without affording the contractor an opportunity for a hearing.

SEC. 6. In accordance with such rules, regulations, or orders as the Secretary may issue or adopt, the Secretary may:

(a) after consulting with the contracting department or agency, direct that department or agency to cancel, terminate, suspend, or cause to be cancelled, terminated, or suspended, any contract, or any portion or portions thereof, for failure of the contractor to comply with the contractual provisions required by section 2 of this order; contracts may be cancelled, terminated, or suspended absolutely, or continuance of contracts may be conditioned upon future compliance: Provided, that before issuing a directive under this subsection, the Secretary shall provide the head of the contracting department or agency an opportunity to offer written objections to the issuance of such a directive, which objections shall include a complete statement of reasons for the objections, among which reasons shall be a finding that completion of the contract is essential to the agency’s mission: And provided further, that no directive shall be issued by the Secretary under this subsection so long as the head of the contracting department or agency continues personally to object to the issuance of such directive;

(b) after consulting with each affected contracting department or agency, provide that one or more contracting departments or agencies shall refrain from en-

tering into further contracts, or extensions or other modifications of existing contracts, with any noncomplying contractor, until such contractor has satisfied the Secretary that such contractor has complied with and will carry out the provisions of this order: Provided, that before issuing a directive under this subsection, the Secretary shall provide the head of each contracting department or agency an opportunity to offer written objections to the issuance of such a directive, which objections shall include a complete statement of reasons for the objections, among which reasons shall be a finding that further contracts or extensions or other modifications of existing contracts with the noncomplying contractor are essential to the agency's mission: And provided further, that no directive shall be issued by the Secretary under this subsection so long as the head of a contracting department or agency continues personally to object to the issuance of such directive; and

(c) publish, or cause to be published, the names of contractors that have, in the judgment of the Secretary, failed to comply with the provisions of this order or of related rules, regulations, and orders of the Secretary.

SEC. 7. Whenever the Secretary invokes section 6(a) or 6(b) of this order, the contracting department or agency shall report the results of the action it has taken to the Secretary within such time as the Secretary shall specify.

SEC. 8. Each contracting department and agency shall cooperate with the Secretary and provide such information and assistance as the Secretary may require in the performance of the Secretary's functions under this order.

SEC. 9. The Secretary may delegate any function or duty of the Secretary under this order to any officer in the Department of Labor or to any other officer in the executive branch of the Government, with the consent of the head of the department or agency in which that officer serves.

SEC. 10. The Federal Acquisition Regulatory Council (FAR Council) shall take whatever action is required to implement in the Federal Acquisition Regulation (FAR) the provisions of this order and of any related rules, regulations, or orders of the Secretary that were issued to implement this Executive Order. The FAR Council shall amend the FAR to require each solicitation of offers for a contract to include a provision that implements section 2 of this order.

SEC. 11. As it relates to notification of employee rights concerning payment of union dues or fees, Executive Order 12836 of February 1, 1993, which, among other things, revoked Executive Order 12800 of April 13, 1992, is revoked.

SEC. 12. The heads of executive departments and agencies shall revoke expeditiously any orders, rules, regulations, guidelines, or policies implementing or enforcing Executive Order 12836 of February 1, 1993, as it relates to notification of employee rights concerning payment of union dues or fees, to the extent consistent with law.

SEC. 13. This order is intended only to improve the internal management of the executive branch and is not intended to, nor does it, create any right to administrative or judicial review, or any right, whether substantive or procedural, enforceable by any party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

SEC. 14. The provisions of this order shall apply to contracts resulting from solicitations issued on or after the effective date of this order.

#### § 254b. Cost or pricing data: truth in negotiations

##### (a) Required cost or pricing data and certification

(1) The head of an executive agency shall require offerors, contractors, and subcontractors to make cost or pricing data available as follows:

(A) An offeror for a prime contract under this subchapter to be entered into using procedures other than sealed-bid procedures shall be required to submit cost or pricing data before the award of a contract if—

(i) in the case of a prime contract entered into after October 13, 1994, the price of the contract to the United States is expected to exceed \$500,000; and

(ii) in the case of a prime contract entered into on or before October 13, 1994, the price of the contract to the United States is expected to exceed \$100,000.

(B) The contractor for a prime contract under this subchapter shall be required to submit cost or pricing data before the pricing of a change or modification to the contract if—

(i) in the case of a change or modification made to a prime contract referred to in subparagraph (A)(i), the price adjustment is expected to exceed \$500,000;

(ii) in the case of a change or modification made to a prime contract that was entered into on or before October 13, 1994, and that has been modified pursuant to paragraph (6), the price adjustment is expected to exceed \$500,000; and

(iii) in the case of a change or modification not covered by clause (i) or (ii), the price adjustment is expected to exceed \$100,000.

(C) An offeror for a subcontract (at any tier) of a contract under this subchapter shall be required to submit cost or pricing data before the award of the subcontract if the prime contractor and each higher-tier subcontractor have been required to make available cost or pricing data under this section and—

(i) in the case of a subcontract under a prime contract referred to in subparagraph (A)(i), the price of the subcontract is expected to exceed \$500,000;

(ii) in the case of a subcontract entered into under a prime contract that was entered into on or before October 13, 1994, and that has been modified pursuant to para-

graph (6), the price of the subcontract is expected to exceed \$500,000; and

(iii) in the case of a subcontract not covered by clause (i) or (ii), the price of the subcontract is expected to exceed \$100,000.

(D) The subcontractor for a subcontract covered by subparagraph (C) shall be required to submit cost or pricing data before the pricing of a change or modification to the subcontract if—

(i) in the case of a change or modification to a subcontract referred to in subparagraph (C)(i) or (C)(ii), the price adjustment is expected to exceed \$500,000; and

(ii) in the case of a change or modification to a subcontract referred to in subparagraph (C)(iii), the price adjustment is expected to exceed \$100,000.

(2) A person required, as an offeror, contractor, or subcontractor, to submit cost or pricing data under paragraph (1) (or required by the head of the procuring activity concerned to submit such data under subsection (c) of this section) shall be required to certify that, to the best of the person's knowledge and belief, the cost or pricing data submitted are accurate, complete, and current.

(3) Cost or pricing data required to be submitted under paragraph (1) (or under subsection (c) of this section), and a certification required to be submitted under paragraph (2), shall be submitted—

(A) in the case of a submission by a prime contractor (or an offeror for a prime contract), to the contracting officer for the contract (or to a designated representative of the contracting officer); or

(B) in the case of a submission by a subcontractor (or an offeror for a subcontract), to the prime contractor.

(4) Except as provided under subsection (b) of this section, this section applies to contracts entered into by the head of an executive agency on behalf of a foreign government.

(5) A waiver of requirements for submission of certified cost or pricing data that is granted under subsection (b)(1)(C) of this section in the case of a contract or subcontract does not waive the requirement under paragraph (1)(C) for submission of cost or pricing data in the case of subcontracts under that contract or subcontract unless the head of the procuring activity granting the waiver determines that the requirement under that paragraph should be waived in the case of such subcontracts and justifies in writing the reasons for the determination.

(6) Upon the request of a contractor that was required to submit cost or pricing data under paragraph (1) in connection with a prime contract entered into on or before October 13, 1994, the head of the executive agency that entered into such contract shall modify the contract to reflect subparagraphs (B)(ii) and (C)(ii) of paragraph (1). All such modifications shall be made without requiring consideration.

(7) Effective on October 1 of each year that is divisible by 5, each amount set forth in paragraph (1) shall be adjusted to the amount that is equal to the fiscal year 1994 constant dollar value of the amount set forth. Any amount, as

so adjusted, that is not evenly divisible by \$50,000 shall be rounded to the nearest multiple of \$50,000. In the case of an amount that is evenly divisible by \$25,000 but not evenly divisible by \$50,000, the amount shall be rounded to the next higher multiple of \$50,000.

## **(b) Exceptions**

### **(1) In general**

Submission of certified cost or pricing data shall not be required under subsection (a) of this section in the case of a contract, a subcontract, or a modification of a contract or subcontract—

(A) for which the price agreed upon is based on—

- (i) adequate price competition; or
- (ii) prices set by law or regulation;

(B) for the acquisition of a commercial item; or

(C) in an exceptional case when the head of the procuring activity, without delegation, determines that the requirements of this section may be waived and justifies in writing the reasons for such determination.

### **(2) Modifications of contracts and subcontracts for commercial items**

In the case of a modification of a contract or subcontract for a commercial item that is not covered by the exception to the submission of certified cost or pricing data in paragraph (1)(A) or (1)(B), submission of certified cost or pricing data shall not be required under subsection (a) of this section if—

(A) the contract or subcontract being modified is a contract or subcontract for which submission of certified cost or pricing data may not be required by reason of paragraph (1)(A) or (1)(B); and

(B) the modification would not change the contract or subcontract, as the case may be, from a contract or subcontract for the acquisition of a commercial item to a contract or subcontract for the acquisition of an item other than a commercial item.

## **(c) Cost or pricing data on below-threshold contracts**

### **(1) Authority to require submission**

Subject to paragraph (2), when certified cost or pricing data are not required to be submitted by subsection (a) of this section for a contract, subcontract, or modification of a contract or subcontract, such data may nevertheless be required to be submitted by the head of the procuring activity, but only if the head of the procuring activity determines that such data are necessary for the evaluation by the agency of the reasonableness of the price of the contract, subcontract, or modification of a contract or subcontract. In any case in which the head of the procuring activity requires such data to be submitted under this subsection, the head of the procuring activity shall justify in writing the reason for such requirement.

### **(2) Exception**

The head of the procuring activity may not require certified cost or pricing data to be sub-

mitted under this paragraph for any contract or subcontract, or modification of a contract or subcontract, covered by the exceptions in subparagraph (A) or (B) of subsection (b)(1) of this section.

**(3) Delegation of authority prohibited**

The head of a procuring activity may not delegate the functions under this paragraph.

**(d) Submission of other information**

**(1) Authority to require submission**

When certified cost or pricing data are not required to be submitted under this section for a contract, subcontract, or modification of a contract or subcontract, the contracting officer shall require submission of data other than certified cost or pricing data to the extent necessary to determine the reasonableness of the price of the contract, subcontract, or modification of the contract or subcontract. Except in the case of a contract or subcontract covered by the exceptions in subsection (b)(1)(A) of this section, the contracting officer shall require that the data submitted include, at a minimum, appropriate information on the prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price for the procurement.

**(2) Limitations on authority**

The Federal Acquisition Regulation shall include the following provisions regarding the types of information that contracting officers may require under paragraph (1):

(A) Reasonable limitations on requests for sales data relating to commercial items.

(B) A requirement that a contracting officer limit, to the maximum extent practicable, the scope of any request for information relating to commercial items from an offeror to only that information that is in the form regularly maintained by the offeror in commercial operations.

(C) A statement that any information received relating to commercial items that is exempt from disclosure under section 552(b) of title 5 shall not be disclosed by the Federal Government.

**(e) Price reductions for defective cost or pricing data**

(1)(A) A prime contract (or change or modification to a prime contract) under which a certificate under subsection (a)(2) of this section is required shall contain a provision that the price of the contract to the United States, including profit or fee, shall be adjusted to exclude any significant amount by which it may be determined by the head of the executive agency that such price was increased because the contractor (or any subcontractor required to make available such a certificate) submitted defective cost or pricing data.

(B) For the purposes of this section, defective cost or pricing data are cost or pricing data which, as of the date of agreement on the price of the contract (or another date agreed upon between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree upon a date other

than the date of agreement on the price of the contract, the date agreed upon by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

(2) In determining for purposes of a contract price adjustment under a contract provision required by paragraph (1) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it shall be a defense that the United States did not rely on the defective data submitted by the contractor or subcontractor.

(3) It is not a defense to an adjustment of the price of a contract under a contract provision required by paragraph (1) that—

(A) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

(i) was the sole source of the property or services procured; or

(ii) otherwise was in a superior bargaining position with respect to the property or services procured;

(B) the contracting officer should have known that the cost or pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

(C) the contract was based on an agreement between the contractor and the United States about the total cost of the contract and there was no agreement about the cost of each item procured under such contract; or

(D) the prime contractor or subcontractor did not submit a certification of cost or pricing data relating to the contract as required under subsection (a)(2) of this section.

(4)(A) A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by paragraph (1) if—

(i) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset; and

(ii) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification), or, if applicable consistent with paragraph (1)(B), another date agreed upon between the parties, and that the data were not submitted as specified in subsection (a)(3) of this section before such date.

(B) A contractor shall not be allowed to offset an amount otherwise authorized to be offset under subparagraph (A) if—

(i) the certification under subsection (a)(2) of this section with respect to the cost or pricing data involved was known to be false when signed; or

(ii) the United States proves that, had the cost or pricing data referred to in subparagraph (A)(i) been submitted to the United States before the date of agreement on the price of the contract (or price of the modifica-

tion) or, if applicable under paragraph (1)(B), another date agreed upon between the parties, the submission of such cost or pricing data would not have resulted in an increase in that price in the amount to be offset.

**(f) Interest and penalties for certain overpayments**

(1) If the United States makes an overpayment to a contractor under a contract with an executive agency subject to this section and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the United States—

(A) for interest on the amount of such overpayment, to be computed—

(i) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of such overpayment to the United States; and

(ii) at the current rate prescribed by the Secretary of the Treasury under section 6621 of title 26; and

(B) if the submission of such defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

(2) Any liability under this subsection of a contractor that submits cost or pricing data but refuses to submit the certification required by subsection (a)(2) of this section with respect to the cost or pricing data shall not be affected by the refusal to submit such certification.

**(g) Right of United States to examine contractor records**

For the purpose of evaluating the accuracy, completeness, and currency of cost or pricing data required to be submitted by this section, an executive agency shall have the authority provided by section 254d(a)(2) of this title.

**(h) Definitions**

In this section:

**(1) Cost or pricing data**

The term “cost or pricing data” means all facts that, as of the date of agreement on the price of a contract (or the price of a contract modification) or, if applicable consistent with subsection (e)(1)(B) of this section, another date agreed upon between the parties, a prudent buyer or seller would reasonably expect to affect price negotiations significantly. Such term does not include information that is judgmental, but does include the factual information from which a judgment was derived.

**(2) Subcontract**

The term “subcontract” includes a transfer of commercial items between divisions, subsidiaries, or affiliates of a contractor or a subcontractor.

**(3) Commercial item**

The term “commercial item” has the meaning provided such term by section 403(12) of this title.

title XLII, § 4201(b), title XLIII, § 4321(e)(3), (4), Feb. 10, 1996, 110 Stat. 651, 675; Pub. L. 105-261, div. A, title VIII, §§ 805(b), 808(b), Oct. 17, 1998, 112 Stat. 2083, 2085.)

AMENDMENTS

1998—Subsec. (a)(5). Pub. L. 105-261, § 805(b), amended par. (5) generally. Prior to amendment, par. (5) read as follows: “For purposes of paragraph (1)(C), a contractor or subcontractor granted a waiver under subsection (b)(1)(B) of this section shall be considered as having been required to make available cost or pricing data under this section.”

Subsec. (d)(1). Pub. L. 105-261, § 808(b), substituted “the contracting officer shall require that the data submitted” for “the data submitted shall”.

1996—Subsec. (b). Pub. L. 104-106, § 4201(b)(1), amended subsec. (b) generally, substituting pars. (1) and (2) relating to submission of certified cost or pricing data for former pars. (1) and (2) relating to submission of cost or pricing data and striking out par. (3) relating to FAR standards.

Subsec. (c). Pub. L. 104-106, § 4201(b)(1), amended subsec. (c) generally, substituting pars. (1) to (3) relating to authority to require submission of certified cost or pricing data for former par. (1) relating to authority to require submission of cost or pricing data and striking out former par. (2) relating to authority to require information other than certified cost or pricing data.

Subsec. (c)(1). Pub. L. 104-106, § 4321(e)(3), which directed amendment of heading of par. (1) by changing each letter that is capitalized (other than the first letter of the first word) to lowercase, could not be executed because of the general amendment of subsec. (c) by Pub. L. 104-106, § 4201(b)(1). See above.

Subsec. (d). Pub. L. 104-106, § 4201(b)(1), amended subsec. (d) generally, substituting pars. (1) and (2) relating to submission of other information for former pars. (1) to (6) relating to additional exceptions regarding commercial items.

Subsec. (d)(2)(A)(ii). Pub. L. 104-106, § 4321(e)(4), which directed amendment of par. (2)(A)(ii) by inserting “to” after “The information referred”, could not be executed because par. (2)(A) did not contain a cl. (ii) or the phrase “The information referred”, subsequent to the general amendment of subsec. (d) by Pub. L. 104-106, § 4201(b)(1). See above.

Subsecs. (h), (i). Pub. L. 104-106, § 4201(b)(2), redesignated subsec. (i) as (h) and struck out heading and text of former subsec. (h). Text read as follows: “The Federal Acquisition Regulation shall include regulations concerning the types of information that offerors must submit for a contracting officer to consider in determining whether the price of a procurement to the Government is fair and reasonable when certified cost or pricing data are not required to be submitted under this section because the price of the procurement to the United States is not expected to exceed the applicable threshold amount set forth in subsection (a) of this section (as adjusted pursuant to paragraph (7) of such subsection). Such information, at a minimum, shall include appropriate information on the prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price of a proposed contract or subcontract for the procurement.”

### § 254c. Multiyear contracts

#### (a) Authority

An executive agency may enter into a multiyear contract for the acquisition of property or services if—

(1) funds are available and obligated for such contract, for the full period of the contract or for the first fiscal year in which the contract is in effect, and for the estimated costs associated with any necessary termination of such contract; and

(2) the executive agency determines that—

(A) the need for the property or services is reasonably firm and continuing over the period of the contract; and

(B) a multiyear contract will serve the best interests of the United States by encouraging full and open competition or promoting economy in administration, performance, and operation of the agency’s programs.

#### (b) Termination clause

A multiyear contract entered into under the authority of this section shall include a clause that provides that the contract shall be terminated if funds are not made available for the continuation of such contract in any fiscal year covered by the contract. Amounts available for paying termination costs shall remain available for such purpose until the costs associated with termination of the contract are paid.

#### (c) Cancellation ceiling notice

Before any contract described in subsection (a) of this section that contains a clause setting forth a cancellation ceiling in excess of \$10,000,000 may be awarded, the executive agency shall give written notification of the proposed contract and of the proposed cancellation ceiling for that contract to the Congress, and such contract may not then be awarded until the end of a period of 30 days beginning on the date of such notification.

#### (d) Multiyear contract defined

For the purposes of this section, a multiyear contract is a contract for the purchase of property or services for more than one, but not more than five, program years. (2) Any such subpoena, in the case of contumacy or refusal to obey, shall be enforceable by order of an appropriate United States district court.

(3) The authority provided by paragraph (1) may not be delegated.

(4) In the year following a year in which authority provided in paragraph (1) is exercised for an executive agency, the head of the executive agency shall submit to the Committee on Governmental Affairs of the Senate and the Committee on Government Operations of the House of Representatives a report on the exercise of such authority during such preceding year and the reasons why such authority was exercised in any instance.

**(c) Comptroller General authority**

(1) Except as provided in paragraph (2), each contract awarded after using procedures other than sealed bid procedures shall provide that the Comptroller General and his representatives are authorized to examine any records of the contractor, or any of its subcontractors, that directly pertain to, and involve transactions relating to, the contract or subcontract.

(2) Paragraph (1) does not apply to a contract or subcontract with a foreign contractor or foreign subcontractor if the executive agency concerned determines, with the concurrence of the Comptroller General or his designee, that the application of that paragraph to the contract or subcontract would not be in the public interest. However, the concurrence of the Comptroller General or his designee is not required—

(A) where the contractor or subcontractor is a foreign government or agency thereof or is precluded by the laws of the country involved from making its records available for examination; and

(B) where the executive agency determines, after taking into account the price and availability of the property and services from United States sources, that the public interest would be best served by not applying paragraph (1).

(3) Paragraph (1) may not be construed to require a contractor or subcontractor to create or maintain any record that the contractor or subcontractor does not maintain in the ordinary course of business or pursuant to another provision of law.

**(d) Limitation on audits relating to indirect costs**

An executive agency may not perform an audit of indirect costs under a contract, subcontract, or modification before or after enter-

ing into the contract, subcontract, or modification in any case in which the contracting officer determines that the objectives of the audit can reasonably be met by accepting the results of an audit that was conducted by any other department or agency of the Federal Government within one year preceding the date of the contracting officer's determination.

**(e) Limitation**

The authority of an executive agency under subsection (a) of this section, and the authority of the Comptroller General under subsection (c) of this section, with respect to a contract or subcontract shall expire three years after final payment under such contract or subcontract.

**(f) Inapplicability to certain contracts**

This section does not apply to the following contracts:

(1) Contracts for utility services at rates not exceeding those established to apply uniformly to the public, plus any applicable reasonable connection charge.

(2) A contract or subcontract that is not greater than the simplified acquisition threshold.

**(g) Form of original record storage**

Nothing in this section shall be construed to preclude a contractor from duplicating or storing original records in electronic form.

**(h) Use of images of original records**

An executive agency shall not require a contractor or subcontractor to provide original records in an audit carried out pursuant to this section if the contractor or subcontractor provides photographic or electronic images of the original records and meets the following requirements:

(1) The contractor or subcontractor has established procedures to ensure that the imaging process preserves the integrity, reliability, and security of the original records.

(2) The contractor or subcontractor maintains an effective indexing system to permit timely and convenient access to the imaged records.

(3) The contractor or subcontractor retains the original records for a minimum of one year after imaging to permit periodic validation of the imaging systems.

**(i) "Records" defined**

In this section, the term "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

### § 255. Contract financing

#### (a) Payment authority

Any executive agency may—

(1) make advance, partial, progress or other payments under contracts for property or services made by the agency; and

(2) insert in solicitations for procurement of property or services a provision limiting to small business concerns advance or progress payments.

#### (b) Performance-based payments

Whenever practicable, payments under subsection (a) of this section shall be made on any of the following bases:

(1) Performance measured by objective, quantifiable methods such as delivery of acceptable items, work measurement, or statistical process controls.

(2) Accomplishment of events defined in the program management plan.

(3) Other quantifiable measures of results.

#### (c) Payment amount

Payments made under subsection (a) of this section may not exceed the unpaid contract price.

#### (d) Security for advance payments

Advance payments under subsection (a) of this section may be made only upon adequate security and a determination by the agency head that to do so would be in the public interest. Such security may be in the form of a lien in favor of the Government on the property contracted for, on the balance in an account in which such payments are deposited, and on such of the property acquired for performance of the contract as the parties may agree. This lien shall be paramount to all other liens and is effective immediately upon the first advancement of funds without filing, notice, or any other action by the United States.

#### (e) Conditions for progress payments

(1) The executive agency shall ensure that any payment for work in progress (including materials, labor, and other items) under a contract of an executive agency that provides for such payments is commensurate with the work accomplished that meets standards established under the contract. The contractor shall provide such information and evidence as the executive agency determines necessary to permit the executive agency to carry out the preceding sentence.

(2) The executive agency shall ensure that progress payments referred to in paragraph (1) are not made for more than 80 percent of the work accomplished under the contract so long as the executive agency has not made the contractual terms, specifications, and price definite.

(3) This subsection applies to any contract in an amount greater than \$25,000.

#### (f) Conditions for payments for commercial items

(1) Payments under subsection (a) of this section for commercial items may be made under such terms and conditions as the head of the executive agency determines are appropriate or customary in the commercial marketplace and are in the best interests of the United States. The head of the executive agency shall obtain adequate security for such payments. If the security is in the form of a lien in favor of the United States, such lien is paramount to all other liens and is effective immediately upon the first payment, without filing, notice, or other action by the United States.

(2) Advance payments made under subsection (a) of this section for commercial items may include payments, in a total amount of not more than 15 percent of the contract price, in advance of any performance of work under the contract.

(3) The conditions of subsections (d) and (e) of this section need not be applied if they would be inconsistent, as determined by the head of the executive agency, with commercial terms and conditions pursuant to paragraphs (1) and (2).

#### (g) Action in case of fraud

(1) In any case in which the remedy coordination official of an executive agency finds that there is substantial evidence that the request of a contractor for advance, partial, or progress

payment under a contract awarded by that executive agency is based on fraud, the remedy coordination official shall recommend that the executive agency reduce or suspend further payments to such contractor.

(2) The head of an executive agency receiving a recommendation under paragraph (1) in the case of a contractor's request for payment under a contract shall determine whether there is substantial evidence that the request is based on fraud. Upon making such a determination, the head of the executive agency may reduce or suspend further payments to the contractor under such contract.

(3) The extent of any reduction or suspension of payments by an executive agency under paragraph (2) on the basis of fraud shall be reasonably commensurate with the anticipated loss to the United States resulting from the fraud.

(4) A written justification for each decision of the head of an executive agency whether to reduce or suspend payments under paragraph (2), and for each recommendation received by the executive agency in connection with such decision, shall be prepared and be retained in the files of the executive agency.

(5) The head of each executive agency shall prescribe procedures to ensure that, before the head of the executive agency decides to reduce or suspend payments in the case of a contractor under paragraph (2), the contractor is afforded notice of the proposed reduction or suspension and an opportunity to submit matters to the executive agency in response to such proposed reduction or suspension.

(6) Not later than 180 days after the date on which the head of an executive agency reduces or suspends payments to a contractor under paragraph (2), the remedy coordination official of the executive agency shall—

(A) review the determination of fraud on which the reduction or suspension is based; and

(B) transmit a recommendation to the head of such executive agency whether the suspension or reduction should continue.

(7) The head of each executive agency who receives recommendations made by a remedy coordination official of the executive agency to reduce or suspend payments under paragraph (2) during a fiscal year shall prepare for such year a report that contains the recommendations, the actions taken on the recommendations and the reasons for such actions, and an assessment of the effects of such actions on the Federal Government. Any such report shall be available to any Member of Congress upon request.

(8) The head of an executive agency may not delegate responsibilities under this subsection to any person in a position below level IV of the Executive Schedule.

(9) In this subsection, the term "remedy coordination official", with respect to an executive agency, means the person or entity in that executive agency who coordinates within that executive agency the administration of criminal, civil, administrative, and contractual remedies resulting from investigations of fraud or corruption related to procurement activities.

#### DEFINITIONS

The definitions in section 102 of Title 40, Public Buildings, Property, and Works, apply to this subchapter.

**§ 256. Allowable costs****(a) Indirect cost that violates FAR cost principle**

An executive agency shall require that a covered contract provide that if the contractor submits to the executive agency a proposal for settlement of indirect costs incurred by the contractor for any period after such costs have been accrued and if that proposal includes the submission of a cost which is unallowable because the cost violates a cost principle in the Federal Acquisition Regulation (referred to in section 421(c)(1) of this title) or an executive agency supplement to the Federal Acquisition Regulation, the cost shall be disallowed.

**(b) Penalty for violation of cost principle**

(1) If the executive agency determines that a cost submitted by a contractor in its proposal for settlement is expressly unallowable under a cost principle referred to in subsection (a) of this section that defines the allowability of specific selected costs, the executive agency shall assess a penalty against the contractor in an amount equal to—

(A) the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted; plus

(B) interest (to be computed based on provisions in the Federal Acquisition Regulation) to compensate the United States for the use of any funds which a contractor has been paid in excess of the amount to which the contractor was entitled.

(2) If the executive agency determines that a proposal for settlement of indirect costs submitted by a contractor includes a cost determined to be unallowable in the case of such contractor before the submission of such proposal, the executive agency shall assess a penalty against the contractor in an amount equal to two times the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted.

**(c) Waiver of penalty**

The Federal Acquisition Regulation shall provide for a penalty under subsection (b) of this section to be waived in the case of a contractor's proposal for settlement of indirect costs when—

(1) the contractor withdraws the proposal before the formal initiation of an audit of the proposal by the Federal Government and re-submits a revised proposal;

(2) the amount of unallowable costs subject to the penalty is insignificant; or

(3) the contractor demonstrates, to the contracting officer's satisfaction, that—

(A) it has established appropriate policies and personnel training and an internal control and review system that provide assurances that unallowable costs subject to penalties are precluded from being included in the contractor's proposal for settlement of indirect costs; and

(B) the unallowable costs subject to the penalty were inadvertently incorporated into the proposal.

**(d) Applicability of contract disputes procedure to disallowance of cost and assessment of penalty**

An action of an executive agency under subsection (a) or (b) of this section—

(1) shall be considered a final decision for the purposes of section 605 of this title; and

(2) is appealable in the manner provided in section 606 of this title.

**(e) Specific costs not allowable**

(1) The following costs are not allowable under a covered contract:

(A) Costs of entertainment, including amusement, diversion, and social activities, and any costs directly associated with such costs (such as tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities).

(B) Costs incurred to influence (directly or indirectly) legislative action on any matter pending before Congress, a State legislature, or a legislative body of a political subdivision of a State.

(C) Costs incurred in defense of any civil or criminal fraud proceeding or similar proceeding (including filing of any false certification) brought by the United States where the contractor is found liable or had pleaded nolo contendere to a charge of fraud or similar proceeding (including filing of a false certification).

(D) Payments of fines and penalties resulting from violations of, or failure to comply with, Federal, State, local, or foreign laws and regulations, except when incurred as a result of compliance with specific terms and conditions of the contract or specific written instructions from the contracting officer authorizing in advance such payments in accordance with applicable provisions of the Federal Acquisition Regulation.

(E) Costs of membership in any social, dining, or country club or organization.

(F) Costs of alcoholic beverages.

(G) Contributions or donations, regardless of the recipient.

(H) Costs of advertising designed to promote the contractor or its products.

(I) Costs of promotional items and memorabilia, including models, gifts, and souvenirs.

(J) Costs for travel by commercial aircraft which exceed the amount of the standard commercial fare.

(K) Costs incurred in making any payment (commonly known as a "golden parachute payment") which is—

(i) in an amount in excess of the normal severance pay paid by the contractor to an employee upon termination of employment; and

(ii) is paid to the employee contingent upon, and following, a change in management control over, or ownership of, the contractor or a substantial portion of the contractor's assets.

(L) Costs of commercial insurance that protects against the costs of the contractor for correction of the contractor's own defects in materials or workmanship.

(M) Costs of severance pay paid by the contractor to foreign nationals employed by the

contractor under a service contract performed outside the United States, to the extent that the amount of severance pay paid in any case exceeds the amount paid in the industry involved under the customary or prevailing practice for firms in that industry providing similar services in the United States, as determined under the Federal Acquisition Regulation.

(N) Costs of severance pay paid by the contractor to a foreign national employed by the contractor under a service contract performed in a foreign country if the termination of the employment of the foreign national is the result of the closing of, or the curtailment of activities at, a United States facility in that country at the request of the government of that country.

(O) Costs incurred by a contractor in connection with any criminal, civil, or administrative proceeding commenced by the United States or a State, to the extent provided in subsection (k) of this section.

(P) Costs of compensation of senior executives of contractors for a fiscal year, regardless of the contract funding source, to the extent that such compensation exceeds the benchmark compensation amount determined applicable for the fiscal year by the Administrator for Federal Procurement Policy under section 435 of this title.

(2)(A) Pursuant to the Federal Acquisition Regulation and subject to the availability of appropriations, an executive agency, in awarding a covered contract, may waive the application of the provisions of paragraphs (1)(M) and (1)(N) to that contract if the executive agency determines that—

(i) the application of such provisions to the contract would adversely affect the continuation of a program, project, or activity that provides significant support services for employees of the executive agency posted outside the United States;

(ii) the contractor has taken (or has established plans to take) appropriate actions within the contractor's control to minimize the amount and number of incidents of the payment of severance pay by the contractor to employees under the contract who are foreign nationals; and

(iii) the payment of severance pay is necessary in order to comply with a law that is generally applicable to a significant number of businesses in the country in which the foreign national receiving the payment performed services under the contract or is necessary to comply with a collective bargaining agreement.

(B) An executive agency shall include in the solicitation for a covered contract a statement indicating—

(i) that a waiver has been granted under subparagraph (A) for the contract; or

(ii) whether the executive agency will consider granting such a waiver, and, if the executive agency will consider granting a waiver, the criteria to be used in granting the waiver.

(C) An executive agency shall make the final determination regarding whether to grant a

waiver under subparagraph (A) with respect to a covered contract before award of the contract.

(3) The provisions of the Federal Acquisition Regulation implementing this section may establish appropriate definitions, exclusions, limitations, and qualifications. Any submission by a contractor of costs which are incurred by the contractor and which are claimed to be allowable under Department of Energy management and operating contracts shall be considered a "proposal for settlement of indirect costs incurred by the contractor for any period after such costs have been accrued", as used in this section.

#### **(f) Required regulations**

(1) The Federal Acquisition Regulation shall contain provisions on the allowability of contractor costs. Such provisions shall define in detail and in specific terms those costs which are unallowable, in whole or in part, under covered contracts. The regulations shall, at a minimum, clarify the cost principles applicable to contractor costs of the following:

(A) Air shows.

(B) Membership in civic, community, and professional organizations.

(H) Professional and consulting services, including legal services.

(I) Compensation.

(J) Selling and marketing.

(K) Travel.

(L) Public relations.

(M) Hotel and meal expenses.

(N) Expense of corporate aircraft.

(O) Company-furnished automobiles.

(P) Advertising.

(Q) Conventions.

(2) The Federal Acquisition Regulation shall require that a contracting officer not resolve any questioned costs until the contracting officer has obtained—

(A) adequate documentation with respect to such costs; and

(B) the opinion of the contract auditor on the allowability of such costs.

(3) The Federal Acquisition Regulation shall provide that, to the maximum extent practicable, a contract auditor be present at any negotiation or meeting with the contractor regarding a determination of the allowability of indirect costs of the contractor.

(4) The Federal Acquisition Regulation shall require that all categories of costs designated in the report of a contract auditor as questioned with respect to a proposal for settlement be resolved in such a manner that the amount of the individual questioned costs that are paid will be reflected in the settlement.

#### **(g) Applicability of regulations to subcontractors**

The regulations referred to in subsections (e) and (f)(1) of this section shall require prime con-

tractors of a covered contract, to the maximum extent practicable, to apply the provisions of such regulations to all subcontractors of the covered contract.

**(h) Contractor certification required**

(1) A proposal for settlement of indirect costs applicable to a covered contract shall include a certification by an official of the contractor that, to the best of the certifying official's knowledge and belief, all indirect costs included in the proposal are allowable. Any such certification shall be in a form prescribed in the Federal Acquisition Regulation.

(2) An executive agency may, in an exceptional case, waive the requirement for certification under paragraph (1) in the case of any contract if the agency—

(A) determines in such case that it would be in the interest of the United States to waive such certification; and

(B) states in writing the reasons for that determination and makes such determination available to the public.

**(i) Penalties for submission of cost known as not allowable**

The submission to an executive agency of a proposal for settlement of costs for any period after such costs have been accrued that includes a cost that is expressly specified by statute or regulation as being unallowable, with the knowledge that such cost is unallowable, shall be subject to the provisions of section 287 of title 18 and section 3729 of title 31.

**(j) Contractor to have burden of proof**

In a proceeding before a board of contract appeals, the United States Court of Federal Claims, or any other Federal court in which the reasonableness of indirect costs for which a contractor seeks reimbursement from the United States is in issue, the burden of proof shall be upon the contractor to establish that those costs are reasonable.

**(k) Proceeding costs not allowable**

(1) Except as otherwise provided in this subsection, costs incurred by a contractor in connection with any criminal, civil, or administrative proceeding commenced by the United States or a State are not allowable as reimbursable costs under a covered contract if the proceeding (A) relates to a violation of, or failure to comply with, a Federal or State statute or regulation, and (B) results in a disposition described in paragraph (2).

(2) A disposition referred to in paragraph (1)(B) is any of the following:

(A) In the case of a criminal proceeding, a conviction (including a conviction pursuant to a plea of *nolo contendere*) by reason of the violation or failure referred to in paragraph (1).

(B) In the case of a civil or administrative proceeding involving an allegation of fraud or similar misconduct, a determination of contractor liability on the basis of the violation or failure referred to in paragraph (1).

(C) In the case of any civil or administrative proceeding, the imposition of a monetary penalty by reason of the violation or failure referred to in paragraph (1).

(D) A final decision—

(i) to debar or suspend the contractor,

(ii) to rescind or void the contract, or

(iii) to terminate the contract for default,

by reason of the violation or failure referred to in paragraph (1).

(E) A disposition of the proceeding by consent or compromise if such action could have resulted in a disposition described in subparagraph (A), (B), (C), or (D).

(3) In the case of a proceeding referred to in paragraph (1) that is commenced by the United States and is resolved by consent or compromise pursuant to an agreement entered into by a contractor and the United States, the costs incurred by the contractor in connection with such proceeding that are otherwise not allowable as reimbursable costs under such paragraph may be allowed to the extent specifically provided in such agreement.

(4) In the case of a proceeding referred to in paragraph (1) that is commenced by a State, the executive agency that awarded the covered contract involved in the proceeding may allow the costs incurred by the contractor in connection with such proceeding as reimbursable costs if the executive agency determines, in accordance with the Federal Acquisition Regulation, that the costs were incurred as a result of (A) a specific term or condition of the contract, or (B) specific written instructions of the executive agency.

(5)(A) Except as provided in subparagraph (C), costs incurred by a contractor in connection with a criminal, civil, or administrative proceeding commenced by the United States or a State in connection with a covered contract may be allowed as reimbursable costs under the contract if such costs are not disallowable under paragraph (1), but only to the extent provided in subparagraph (B).

(B)(i) The amount of the costs allowable under subparagraph (A) in any case may not exceed the amount equal to 80 percent of the amount of the costs incurred, to the extent that such costs are determined to be otherwise allowable and allocable under the Federal Acquisition Regulation.

(ii) Regulations issued for the purpose of clause (i) shall provide for appropriate consideration of the complexity of procurement litigation, generally accepted principles governing the award of legal fees in civil actions involving the United States as a party, and such other factors as may be appropriate.

(C) In the case of a proceeding referred to in subparagraph (A), contractor costs otherwise allowable as reimbursable costs under this paragraph are not allowable if (i) such proceeding involves the same contractor misconduct alleged as the basis of another criminal, civil, or administrative proceeding, and (ii) the costs of such other proceeding are not allowable under paragraph (1).

(6) In this subsection:

(A) The term “proceeding” includes an investigation.

(B) The term “costs”, with respect to a proceeding—

(i) means all costs incurred by a contractor, whether before or after the commencement of any such proceeding; and

(ii) includes—

(I) administrative and clerical expenses;  
(II) the cost of legal services, including legal services performed by an employee of the contractor;

(III) the cost of the services of accountants and consultants retained by the contractor; and

#### REFERENCES IN TEXT

This Act, referred to in subsec. (a), is act June 30, 1949, ch. 288, 63 Stat. 377, as amended, known as the Federal Property and Administrative Services Act of 1949. Except for title III of the Act, which is classified generally to this subchapter, the Act was repealed and reenacted by Pub. L. 107-217, §§1, 6(b), Aug. 21, 2002, 116 Stat. 1062, 1304, as chapters 1 to 11 of Title 40, Public Buildings, Property, and Works.

#### CODIFICATION

“Section 121(d)(1) and (2) of title 40” substituted in subsec. (a) for “section 205(d)”, meaning section 205(d) of the Federal Property and Administrative Services Act of 1949, on authority of Pub. L. 107-217, §5(c), Aug. 21, 2002, 116 Stat. 1303, the first section of which enacted Title 40, Public Buildings, Property, and Works.

#### AMENDMENTS

1996—Subsec. (b). Pub. L. 104-316 struck out at end “A copy of the findings shall be submitted to the General Accounting Office with the contract.”

Pub. L. 104-106 substituted “section 255(d)” for “section 255(c)”.

1984—Subsec. (a). Pub. L. 98-369, §2714(a)(4), substituted provision that determinations and decisions provided in this Act to be made by the Administrator or other agency head shall be final for provision that such determinations and decisions provided in this subchapter to be made by such official would be final, and inserted exception for determinations or decisions under sections 253, 253a, and 253b of this title, substituted “Except as provided in section 253(d)(2) of this title” for “Except as provided in subsection (b) of this section”, and directed the substitution of “this Act” for “this chapter” after “powers provided by”, which substitution was not capable of literal execution because the original text read “this title”. Consequently, the amendment was executed by substituting “this Act” for “this title” as the probable intent of Congress.

Subsecs. (b), (c). Pub. L. 98-369, §2714(a)(4)(D)–(F), redesignated subsec. (c) as (b), struck out “paragraphs (11), (12), (13), or of section 253(c)”, and struck out former subsec. (b) which related to nondelegable powers and powers delegable to certain persons.

Subsec. (d). Pub. L. 98-369, §2714(a)(4)(G), struck out subsec. (d) which related to preservation of data relating to contracts negotiated pursuant to the former provisions of section 252(c) of this title.

1965—Subsec. (a). Pub. L. 89-343, §3, inserted “and except as provided in section 486(d) of title 40 with respect to the Administrator”.

Subsec. (b). Pub. L. 89-343, §4, struck out provisions which made the power of Administrator to make the delegations and determinations specified in section 252(a) of this title delegable only to Deputy Administrator or to chief official of any principal organizational unit of General Services Administration.

1958—Subsec. (b). Pub. L. 85-800, §5(a), (b), substituted “(12)” for “(11)”, “(13)” for “(12)”, and “(11)” for “(10)” and struck out “and in section 255(a) of this title” before “shall not be delegable” in first sentence.

Subsec. (c). Pub. L. 85-800, §5(a), (c), substituted “(11), (12), (13), or (14)” for “(10), (11), (12), or (13)”, and “255(c)” for “255(a)”.

#### EFFECTIVE DATE OF 1996 AMENDMENT

In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief and compensatory and exemplary damages.

(3) Any person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and any regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. It is further the policy of Congress that any program, project, or technology identified in legislation be awarded through merit-based selection procedures.

**(b) Rule of construction**

**§ 266a. Share-in-savings contracts**

**(a) Authority to enter into share-in-savings contracts**

(1) The head of an executive agency may enter into a share-in-savings contract for information technology (as defined in section 11101(6) of title 40) in which the Government awards a contract to improve mission-related or administrative processes or to accelerate the achievement of its mission and share with the contractor in savings achieved through contract performance.

(2)(A) Except as provided in subparagraph (B), a share-in-savings contract shall be awarded for a period of not more than five years.

(B) A share-in-savings contract may be awarded for a period greater than five years, but not more than 10 years, if the head of the agency determines in writing prior to award of the contract that—

(i) the level of risk to be assumed and the investment to be undertaken by the contractor is likely to inhibit the government from obtaining the needed information technology competitively at a fair and reasonable price if the contract is limited in duration to a period of five years or less; and

(ii) usage of the information technology to be acquired is likely to continue for a period of time sufficient to generate reasonable benefit for the government.

(3) Contracts awarded pursuant to the authority of this section shall, to the maximum extent practicable, be performance-based contracts that identify objective outcomes and contain performance standards that will be used to measure achievement and milestones that must be met before payment is made.

(4) Contracts awarded pursuant to the authority of this section shall include a provision containing a quantifiable baseline that is to be the basis upon which a savings share ratio is established that governs the amount of payment a contractor is to receive under the contract. Before commencement of performance of such a

contract, the senior procurement executive of the agency shall determine in writing that the terms of the provision are quantifiable and will likely yield value to the Government.

(5)(A) The head of the agency may retain savings realized through the use of a share-in-savings contract under this section that are in excess of the total amount of savings paid to the contractor under the contract, but may not retain any portion of such savings that is attributable to a decrease in the number of civilian employees of the Federal Government performing the function. Except as provided in subparagraph (B), savings shall be credited to the appropriation or fund against which charges were made to carry out the contract and shall be used for information technology.

(B) Amounts retained by the agency under this subsection shall—

- (i) without further appropriation, remain available until expended; and
- (ii) be applied first to fund any contingent liabilities associated with share-in-savings procurements that are not fully funded.

#### **(b) Cancellation and termination**

(1) If funds are not made available for the continuation of a share-in-savings contract entered into under this section in a subsequent fiscal year, the contract shall be canceled or terminated. The costs of cancellation or termination may be paid out of—

(A) appropriations available for the performance of the contract;

(B) appropriations available for acquisition of the information technology procured under the contract, and not otherwise obligated; or

(C) funds subsequently appropriated for payments of costs of cancellation or termination, subject to the limitations in paragraph (3).

(2) The amount payable in the event of cancellation or termination of a share-in-savings contract shall be negotiated with the contractor at the time the contract is entered into.
